a stimulating authoritative account of international employment law written by a leading figure who for many years has shaped global policy striving to implement fairer working conditions worldwide we are expertly guided though the context and development of labour law making this book ideal for study or research

the contract of employment provides in many jurisdictions the legal foundation for the employment of workers this book examines how the development of the common law under the influence of contemporary social and economic pressures has caused this contract to evolve

the first casebook covering both international and comparative labor and employment law is characterized by its authorship by prolific respected scholars all of whom have taught law outside the united states a solid conceptual framework compares national laws dealing with individual collective employment rights including antidiscrimination law and privacy law and considers the systems used to resolve labor and employment disputes in the context of international labor law a sweeping coverage of international labor law considers the international labour organization nafta and other bilateral trade agreements that include labor standards and the european union in addition the global workplace explores transnational corporations self regulatory efforts or codes of conduct and the mechanisms for pursuing international labor standards in united states courts comparisons are drawn among the laws of the united states canada mexico the united kingdom germany france china japan and india exploring the similarities and the differences among various approaches to the employment relationship allows students to better understand and evaluate the approach each country takes and helps them develop a normative approach to labor and employment law national legal materials are presented within historical and cultural context hallmark features of the global workplace international and comparative employment law first casebook covering both international and comparative labor and employment law authorship o prolific respected scholars o all of the authors have taught law outside the united states conceptual framework o compares national laws dealing with individual collective employment rights o including antidiscrimination law and privacy law o considers the systems used to resolve labor and employment disputes in the context of international labor law broad coverage of international labor law o international labour organization o nafta and other bilateral trade agreements that include labor standards o the european union o comparison of the laws of the united states canada mexico the united kingdom germany france china japan and india o transnational corporations self regulatory efforts or codes of conduct o mechanisms for pursuing international labor

standards in united states courts explores the similarities and the differences among various approaches to the employment relationship o allows students to better understand and evaluate the approach each country takes o helps develop a normative approach to labor and employment law o national legal materials are contextualized with historical and cultural issues

includes annual review of legislation covering the years 1859 1949

reference book and textbook comprising a comparison of labour law and reviewing trends in labour relations constitutes an important information source regarding definitions covers the role of ilo and the ec multinational enterprises international trade union federations and national level trade unionism discusses freedom of association employers organizations dispute settlement over rights and interests categories of workers discrimination in employment etc and includes a labour contract model bibliographys

includes an annual review of legislation

this is a re issue of a book first published in 1986 which studies the way in which labour law took shape in nine european countries the member states of the eec in 1979 belgium britain and ireland denmark france germany italy the netherlands and luxembourg from the beginning of the industrial revolution up to 1945 the book explains similarities and differences between modern systems in these countries as the outcome of continuing struggles between different social groups and competing ideologies in the context of industrialisation and economic development the book thus provides the essential underpinning to its companion the new book the transformation of labour law in europe hart 2009 isbn 9781841138701 which continues the historical comparative study of the development of labour law in europe since 1945 other contributors include antoine jacobs thilo ramm bruno veneziani and eliane vogel polsky with the assistance of ole hasselbalch and jean claude javillier a major contribution to comparative legal scholarship lord wedderburn industrial law journal 1988

amid the trend towards decentralized industrial relations various new and modified systems of employee representation are taking hold in many countries worldwide in this highly informative examination of this field of international labour law originally presented as a series of papers for the 11th jilpt comparative labor law seminar held

in tokyo in february 2012 twelve distinguished scholars from australia china france germany japan korea sweden taiwan the united kingdom and the united states describe their countries current perspectives on this issue along with their own analysis and commentary among the specific questions addressed for each jurisdiction are the following what is the legal framework for an employee representation system how is the representative body formed and what are its declared powers are there legal mechanisms preventing intervention by the employer are non standard employees involved what methods of deliberation and decision making are used how are the activities of representatives protected who bears the costs what is the relationship with collective bargaining with labour unions each contributor also describes typical ways in which the employee representative system works offering concrete examples such as dismissal wage determination and equal treatment some deal with situations in which employee representation is in fact nonexistent or malfunctioning in real workplaces there is also pervasive attention paid to the fundamental matter of what representation is for and the probable future direction of employee representation given the need to secure representation for non union and non standard employees at the workplace these reports on the conditions and new developments in this important field provide ample basis on which to build a better system of employee representation in this era of diversified workforces in the globalized market accordingly this book will prove of inestimable value to practitioners and policymakers in labour and employment law anywhere in the world

research in labour law western europe yugoslavia usa australia references

during the past few decades industrialized countries have witnessed a progressive crisis of the regulatory framework sustaining the binary model of the employment relationship based on the subordinate employment autonomous self employment dichotomy new atypical and hybrid working arrangements have emerged challenging the traditional notions of and divisions between autonomy and subordination this in turn has strained labour law systems across industrialized countries that were previously based on the notion of dependent and subordinate employment to cast their personal scope of application nicola countouris advances ideas for a new dynamic equilibrium in employment law to accommodate this evolution providing a comparative account of the development of the employment relationship in four key european countries the uk germany france and italy
