the appealing genre paintings of great seventeenth century dutch artists vermeer steen
de hooch dou and others have long enjoyed tremendous popularity this
comprehensive book explores the evolution of genre painting throughout the dutch
golden age beginning in the early 1600s and continuing through the opening years of
the next century wayne franits a well known scholar of dutch genre painting offers a
wealth of information about these works as well as about seventeenth century dutch
culture its predilections and its prejudices the author approaches genre paintings from
a variety of perspectives examining their reception among contemporary audiences
and setting the works in their political cultural and economic contexts the works
emerge as distinctly conventional images franits shows as genre artists continually
replicated specific styles motifs and a surprisingly restricted number of themes over
the course of several generations luxuriously illustrated and with a full representation
of the major artists and the cities where genre painting flourished this book will
delight students scholars and general readers alike
