even the most useful reference guides are not always well shall we say riveting a refreshing exception is the new broadview guide to writing which is smart helpful and even fun to read gerald graff and cathy birkenstein authors of they say i say the moves that matter in academic writing key features a coil bound reference text suitable for a range of introductory composition and writing courses divided into three sections writing processes including research argumentation and style writing mechanics grammar usage and punctuation writing contexts writing in different academic disciplines forms and conventions and citation comprehensive treatment of citation style guides with 2016 mla style updates expanded treatment of research methods argument structures and writing in the workplace a unique section on how to be good with words issues of gender race class religion sexual orientation disability etc expanded coverage for those whose native language is not english all new chapter on reading images extensive companion website featuring interactive exercises increasingly writing handbooks are seen as over produced and overpriced one stands out the broadview guide to writing is published in an elegant but simple format and sells for roughly half the price of its fancier looking competitors that does not change with the new edition what does change and stay up to date is the content of the book the sixth edition brings a substantial re organization of the contents under three headings writing processes writing mechanics and writing contexts coverage of apa chicago and cse styles of documentation has been substantially expanded and the mla section has now been fully revised to take into account all the 2016 changes also expanded is coverage of academic argument of writing and critical thinking of writing about literature of paragraphing of how to integrate quoted material into one s own work of balance and parallelism and of issues of gender race religion etc in writing the chapter seeing and meaning reading and writing about visual images is entirely new to

the sixth edition

by sue thomas suethomas net in the early 1990s there were very few creative writing degrees in the uk but lots of creative writing workshops in the community many writers including me taught creative writing in libraries prisons hospitals schools even living rooms the students were hugely varied from enthusiastic poets to prospective autobiographers and hopeful screenwriters and everything in between i m no longer involved in that way but such groups are still very popular and they often provide a valuable income for self employed writers the idea for creative writing a handbook for workshop leaders came from a collaboration between east midlands arts and the university of nottingham s department of adult education both now defunct its aim was to support creative writing teachers by collecting the wisdom of those east midlands writers who were already involved in the practice many writers who teach writing have no formal training in teaching or facilitation and can find very few resources to help them when they re starting out or support them as they develop their skills the book is divided into the following sections teaching adults teaching writing workshop exercises problems and issues resources and information of course some of the material is now wildly out of date and there are virtually no web based resources but a lot of it will still be useful i especially like the inspiring vignettes by writers catherine byron kevin fegan martin glynn jacek laskowski and kathy page

how to communicate technical information ò discusses easy to follow and user friendly ways of organizing information ò demonstrates how to use the art to communicate context multiple options and results ò offers new ways to present

now in its fifth edition academic writing helps international students succeed in writing essays and reports for their english language academic courses thoroughly revised and updated it is designed to let teachers and students easily find the topics they need both in the classroom and for self study the book consists of five parts the writing process elements of writing language issues vocabulary for writing writing models the first part explains and practises every stage of essay writing from choosing the best sources reading and note making through to referencing and proofreading the four remaining parts organised alphabetically can be taught in conjunction with the first part or used on a remedial basis a progress check at the

end of each part allows students to assess their learning all units are fully cross referenced and a complete set of answers to the practice exercises is included new topics in this edition include writing in groups written british and american english and writing letters and emails in addition the new interactive website has a full set of teaching notes as well as more challenging exercises revision material and links to other sources additional features of the book include models provided for writing tasks such as case studies and essays use of authentic academic texts from a wide range of disciplines designed for self study as well as classroom use useful at both undergraduate and postgraduate level glossary to explain technical terms plus index written to deal with the specific language issues faced by international students this practical user friendly book is an invaluable guide to academic writing in english

the handbook of academic writing offers practical advice to busy academics who want and are often required to integrate writing into their working lives it defines what academic writing is and the process of getting started through to completion covering topics such as gaining momentum reviewing and revising self discipline writing regularly writers groups and retreats academic writing is one of the most demanding tasks that all academics and researchers face in some disciplines there is guidance on what is needed to be productive successful writers but in other disciplines there is no training support or mentoring of any kind this book helps those in both groups not only to improve their writing skills and strategies but equally importantly to find satisfaction in engaging in regular and productive writing underpinned by a diverse range of literature this book addresses the different dimensions of writing the fresh approach that murray and moore explore in this book includes developing rhetorical knowledge focusing on writing behaviours and understanding writing contexts this book will help writers in academic contexts to develop a productive writing strategy not only for research monitoring exercises but also for the long term
