this book uncovers the reality of organised crime considering what is meant by the term organised and discussing the different forms of activities organised crime engages in from human trafficking to extortion offering a global perspective from the mafia to the yakuza it considers efforts to combat organised crime today

crime is recognized as a constant factor within human society but in the twenty first century organized crime is emerging as one of the distinctive security threats of the new world order the more complex organized and interconnected society becomes its crime becomes too this book recognizes that the new century will be defined in part by a struggle between an upperworld defined by increasingly open economic systems and democratic politics and a transnational entrepreneurial dynamic and richly varied underworld willing and able to use and distort these trends for its own ends in order to understand this challenge this book gathers together experts from a variety of fields to understand how organized crime is changing from the sicilian mafia and the japanese yakuza to the new challenges of russian and east european gangs and the virtual mafias of the cybercriminals this book offers a clear and concise introduction to many of the key players moving in this global criminal underworld this book is a special issue of global crime

this book demystifies the world of organized crime by analyzing it closely and critically from a social perspective afro american mexican asian colombian african and jamaican criminal groups are discussed as well as their italian criminal counterparts who are typically thought of when the term organized crime is used the book chronicles the history current role and future of players in the world of organized crime along with insight on what the criminal justice system is doing to suppress organized criminals the concept of organized crime theories of organized criminal behavior the evolution of organized crime the business of organized crime the illicit drug trade domestic organized crime groups a comparative perspective terrorism as organized crime organized crime s political and corporate alliance controlling organized crime for anyone interested in organized crime especially those in law

despite strenuous efforts from local national and international law enforcement organized crime continues to thrive and prosper even centuries old crime outfits are surviving the global forces of mass migration and multinational business and finance from traditional gangland enterprises such as narcotics gambling and prostitution the world's mafias have moved into new sources of illegal income including high tech arms smuggling money laundering and identity fraud traditional crime in the modern world tracks these organizations the italian and mexican mafias columbian drug cartels chinese triads and others across five continents as they adapt to change and assesses their prospects in the short and long term world events such as the collapse of the soviet union and the 9 11 terror attacks are discussed in the context of contributing to emerging markets for illicit goods and services and to evolving partnerships among criminal entities this timely volume provides a comprehensive overview of how mafia like structures function today analyzes in depth national crime situations with global implications examines the migration of organized crime groups and their operations in their new countries gauges the influence of digital and other technologies on organized crime where applicable notes the links between organized crime and national political institutions describes the impact of the global financial crisis on crime organizations concise compelling and deeply documented traditional crime in the modern world is an eye opening resource for researchers in criminology and criminal justice particularly with an interest in organized crime and trafficking as well as related topics of demography political science and international relations

this book aims to describe and demystify what makes criminal gangs so culturally powerful it examines their codes of conduct initiation rites secret communications methods origin myths symbols and the like that imbue the gangsters with the pride and nonchalance that goes hand in hand with their criminal activities mobsters are everywhere in the movies on television and on websites contemporary societies are clearly fascinated by them why is this so what feature and constituents of organized criminal gangs make them so emotionally powerful to themselves and others these are the questions that have guided the writing of this textbook which is intended as

an introduction to organized crime from the angle of cultural analysis key topics include an historic overview of organized crime including the social economic and cultural conditions that favour its development a review of the type of people who make up organized gangs and the activities in which they engage the symbols rituals codes and languages that characterize criminal institutions the relationship between organized crime and cybercrime the role of women in organized crime drugs and narco terrorism media portrayals of organized crime organized crime includes case studies and offers an accessible interdisciplinary approach to the subject of organized crime it is essential reading for students engaged with organized crime across criminology sociology anthropology and psychology

a compelling read and an impeccable work of reference john le carré organized crime is spreading like a global virus as mobs take advantage of open borders to establish local franchises at will that at least is the fear inspired by stories of russian mobsters in new york chinese triads in london and italian mafias throughout the west as federico varese explains in this compelling and daring book the truth is more complicated varese has spent years researching mafia groups in italy russia the united states and china and argues that mafiosi often find themselves abroad against their will rather than through a strategic plan to colonize new territories once there they do not always succeed in establishing themselves varese spells out the conditions that lead to their long term success namely sudden market expansion that is neither exploited by local rivals nor blocked by authorities ultimately the inability of the state to govern economic transformations gives mafias their opportunity in a series of matched comparisons varese charts the attempts of the calabrese ndrangheta to move to the north of italy and shows how the sicilian mafia expanded to early twentieth century new york but failed around the same time to find a niche in argentina he explains why the russian mafia failed to penetrate rome but succeeded in hungary in a pioneering chapter on china he examines the challenges that triads from taiwan and hong kong find in branching out to the mainland based on ground breaking field work and filled with dramatic stories this book is both a compelling read and a sober assessment of the risks posed by globalization and immigration for the spread of mafias

organised crime is now a major threat to all industrial and non industrial countries using an inter disciplinary and comparative approach this book examines the existing official institutional discourse on organised crime to examine whether or not it has an impact on perceptions of the threat and on the reality of organized crime

this edited volume explores recent research and developments in the study of organized crime it covers six key areas drug related issues human trafficking and prostitution sports and crime procurement and corruption and enforcement and prevention the contributors provide timely research for understanding various aspects of organized crime as well as the responses that have been developed worldwide to prevent and contain them these contributions were presented at seminars of the centre for information and research on organized crime ciroc it will be of interest to researchers in criminology and criminal justice particularly with an interest in organized crime and criminal networks as well as related fields such as comparative law and political science this collection represents the most current thinking on entrenched problems of organized crime this book is an important contribution in developing new approaches to organized crime and its control jay s albanese ph d professor and chair criminal justice programs virginia commonwealth university the book is very well organised and written and deals with a diversity of topics and approaches ernesto u savona director of transcrime professor of criminology università cattolica del sacro cuore milan

written by natives of each of the many countries represented here this unique collection illustrates the similarities and differences in organized crime around the world each country s demographics and location is described and the introduction to each section indicates how the events in other nations on each continent continue to shape the nature and extent of organized crime in many different countries this compilation of essays provides an analysis of organized crime from the north american european asian south american australasian and african perspectives as well as the criminal justice response to organized crime for those interested in a comprehensive analysis of organized crime around the world

transnational organized crime crosses borders challenges states exploits individuals

~~pursues profit wrecks economies destroys civil society and ultimately weakens global democracy it is a phenomenon that is all too often misunderstood and misrepresented this handbook attempts to redress the balance by providing a fresh and interdisciplinary overview of the problems which transnational organized crime represents the innovative aspect of this handbook is not only its interdisciplinary nature but also the dialogue between international academics and practitioners that it presents the handbook seeks to provide the definitive overview of transnational organized crime including contributions from leading international scholars as well as emerging researchers the work starts by examining the origins concepts contagion and evolution of transnational organized crime and then moves on to discuss the impact governance and reactions of governments and their agencies before looking to the future of transnational organized crime and how the state will seek to respond providing a cutting edge survey of the discipline this work will be essential reading for all those with an interest in this dangerous phenomenon~~

in the merger jeffrey robinson gives a true account of a global network of unimaginable proportions and lays bare the criminal fraternity's new world order until now the details of these activities were only known to international law enforcement insiders robinson makes these connections public tracing an intricate network of connections between such infamous organized crime rings as the sicilian mafiosi the camorra from naples the ndrangheta from calabria the chinese triads the russian hungarian and czech republic maffiyas and organized crime groups from columbia mexico nigeria and vietnam just to name a few through his meticulous research robinson has pin pointed the factors that led to these global crime cartels digital communication world markets the internet revealing how they have changed the face of crime forever book jacket title summary field provided by blackwell north america inc all rights reserved

study with reference to madras india

this book collates a number of papers that were presented in amsterdam during the seminars of the centre for information and research on organized crime ciroc in 2002 and 2003 introduction

this handbook explores organized crime which it divides into two main concepts and types the first is a set of stable organizations illegal per se or whose members systematically engage in crime and the second is a set of serious criminal activities that are typically carried out for monetary gain

organized crime is a global phenomenon from sicily came the mafia japan spawned and then exported the yakuza as china did its triads and post soviet russia saw the birth and rapid escalation of its very own mafia these criminal fraternities differ from common criminal gangs in that they operate much like legitimate business corporations highly efficient and massively profitable with a definite hierarchical structure there was a time when these various criminal fraternities were solely a problem for the country that created them today however organized crime has gone international and north america europe australia and southeast asia are now hosts to all of them these groups deadly and potentially ruinous to the world s economy will stop at nothing to preserve their interests each title in this series contains a foreword from the chairman of the national law enforcement association color photos throughout charts and back matter including an index chronology and further reading lists for books and internet resources key icons appear throughout the books in this series in an effort to encourage library readers to build knowledge gain awareness explore possibilities and expand their viewpoints through our content rich non fiction books key icons in this series are as follows words to understand are shown at the front of each chapter with definitions these words are set in boldfaced type in that chapter so that readers are able to reference back to the definitions building their vocabulary and enhancing their reading comprehension sidebars are highlighted graphics with content rich material within that allows readers to build knowledge and broaden their perspectives by weaving together additional information to provide realistic and holistic perspectives text dependent questions are placed at the end of each chapter they challenge the reader s comprehension of the chapter they have just read while sending the reader back to the text for more careful attention to the evidence presented there research projects are provided at the end of each chapter as well and provide readers with suggestions for projects that encourage deeper research and analysis and a series glossary of key terms is included in the back

~~matter containing terminology used throughout the series words found here broaden the reader s knowledge and understanding of terms used in this field~~

a compelling introduction to the global impact of organized crime famous for being ruthless cruel and cool the mafia has always captured the darker side of the imagination here james finckenauer debunks the myths surrounding the mafia to reveal the harsh realities of global organized crime from japan to russia to colombia despite popular appeal these incredibly complex organizations destabilize society on a global scale perpetuating untold economic physical psychological and societal damage mafia and organized crime a beginner s guide provides vital insight into the real stories behind the world s richest and most successful criminals

the most sustained and penetrating study of the phenomenon of transnational organized crime was completed by various un agencies in an ongoing project whose principal milestone is the 1997 convention on organized crime this book presents all relevant texts in chronological order from 1975 to 1998 with additional material explaining the background of the project published under the transnational publishers imprint
