does market liberalization promote democracy the accepted answer from scholars pundits and politicians alike has been yes however the contributors to this innovative study of market reforms and political change in Mexico and the People's Republic of China argue that this easy equation is not only empirically uncertain but methodologically flawed using comparative contextual analysis the contributors carefully identify the elective affinities between these two very different polities to reveal

key variables that determine how markets will affect democracy particularly law as the rudder of democracy and the role of political culture in civil society

drug politics is an enlightening new book by a man who knows this disturbing and dangerous subject a former united states ambassador to peru david c jordan has testified before the u s senate and house foreign relations committees and has consulted with various government security organizations his account of government protection of the criminal elements intertwined with local and global politics challenges many of the assumptions of current drug policies using examples from south america mexico russia and the united states jordan shows that the narcotics problem is not merely one of supply and demand jordan argues that many national and international financial systems are dependent on cash from money laundering and some governments are far more involved in protecting than in combating criminal cartels

the signing of the north american free trade agreement nafta was expected to signal the beginning of a new era of close co operation between mexico and the united states subsequent events however have introduced new tensions into the relationship the 1995 economic collapse in mexico sharply curtailed economic growth and lowered the demand for u s exports the result has been a substantial deficit in u s trade with mexico and renewed arguments that trade with mexico reduces the employment opportunities of low skilled workers in the united states immigration both legal and illegal has grown as a subject of contention between the two countries mexico has also come under increased focus as a conduit for the flow of drugs into the united states in this book scholars from the united states and mexico examine the major elements of the bilateral relationship the economic dimension is highlighted in two papers that focus on the effects of nafta on trade and financial transactions the political and social dimensions are taken up in three papers on immigration drug trafficking and environmental concerns the contributors include j enrique espinosa and pedro noyola sai consultores mexico john williamson institute for international economics juan carlos belauteguigoitia ministry of the environment mexico peter smith university of california san diego and george borjas harvard university

the authors are uniquely positioned to provide valuable insights on both the mexican crisis and the metamorphosis in the nature of financial debacles

discover the secret history behind the headlines the mexican drug wars have inspired countless articles tv shows and movies from breaking bad to sicario el chapo s

escapes to trump's tirades this is a story we think we know but there's a hidden history to the biggest story of the twenty first century the dope exposes how an illicit industry that started with farmers families and healers came to be dominated by cartels kingpins and corruption benjamin t smith traces an unforgettable cast of characters from the early twentieth century to the modern day whose actions came to influence mexico as we now know it there's enrique fernández the borderlands trafficker who became mexico's first major narco and one of the first victims of the war on drugs eduardo lalo fernández mexico's most prominent heroin chemist and first major cocaine importer leopoldo salazar viniegra the brilliant doctor and marxist who tried and failed to decriminalize mexico's drugs and harry anslinger the head of the federal bureau of narcotics whose sensationalist strategies paved the way for u.s. interference and the extraordinary levels of violence in mexico today the dope is the epic saga of how violence and corruption came to plague modern mexico and the first book to make sense of the political and economic big picture of the mexican drug wars

this dissertation identifies a case of emerging market failure represented by the mexican financial crisis of 1994-95 the hypothesis is that the financial crisis that occurred during the 1990s in mexico is linked to the one that took place during the 1980s and that both financial crises are manifestations of a single phenomenon the two financial crises are strung together by a thread that involves freely flowing international capital and an economy that is strongly reliant on the international capital market this study finds that the principal explanation for both crises is located in the interaction of the following the fundamentals of the mexican economy that does not generate domestic savings and relies upon the international financial market a political system that concentrates power at the expense of the democratic political process and the governmental policies that pursue goals in the short run at the expense of long term outcomes

describes the failure of washington's war on drugs and the dangers of world wide economic dependency on the monetary gains of drug traffic
