con el término literatura nos referimos al arte que se sirve del lenguaje natural como vehículo para crear un texto de ficción caracterizado por su valor poético o estético y al que con el correr del tiempo se le han asignado diferentes funciones en su origen la literatura se compuso y se difundió oralmente pero una vez que la humanidad desarrolló sistemas de escritura y

soportes escriturarios como las tablillas de arcilla y el papiro para cubrir necesidades prácticas se aprovechó ese avance para fijar preservar y transmitir los textos literarios mediante la escritura la *Ilíada* por ejemplo se compuso y transmitió por tradición oral de generación en generación durante varios siglos hasta que un aedo al que la tradición ha llamado Homero la registró por escrito hacia el siglo VIII a.C. con la invención de la imprenta se inauguró en Occidente el denominado período de Gutenberg período de 500 años en la historia de la humanidad en que la cultura impresa fue predominante hoy en día asistimos a una nueva revolución la propiciada por la era digital que ha transformado también de manera radical los modos en que accedemos a la literatura y por tanto nuestra forma de leerla e interpretarla de ahí que el eje temático central de este volumen sea la lectura e interpretación de la literatura en el siglo XXI

esta edición conserva las características de la obra original al mismo tiempo incorpora nuevos materiales referentes a los trabajos en el ámbito del materialismo cultural la teoría poscolonial la teoría feminista las teorías negras británica afroamericana asiática y caribeña y también sobre la teoría gay lesbiana y queer

el análisis del texto literario permite una mayor comprensión de la estructura de la obra justificando los criterios de interpretación y estableciendo pautas objetivables para la valoración de la obra como se sabe la interpretación y la valoración de una obra se definen por su subjetividad pero mediante el análisis se pretende establecer los parámetros que determinan dicha interpretación y valoración de ahí la importancia y la necesidad que motivan un manual de análisis como el que aquí se propone

el objetivo de este manual en el fondo trata de enseñar a leer de abrir los diversos caminos que conducen al interior de un texto de mostrar los variados procedimientos de que se sirve el autor para componer su obra la lectura concebida ante todo como placer pero también como valor esencial de la condición humana e imprescindible para la formación de cualquier persona por ello contiene una mínima parte teórica que se resuelve en múltiples ejemplos prácticos ya que se busca poner de manifiesto los efectos derivados de la consciente utilización por parte de quien escribe de unos recursos formales que no han de considerarse aislados así mismos sino siempre proyectados en los discursos concretos de la poesía de la novela y del teatro desvelarlos en la medida de lo posible y hacerlos reconocibles constituye la principal razón de ser de este libro cubierta trasera

If you already have such a referred **El Texto Literario Teoría Y Método**

Para Un Análisis Integral books that will come up with the money for you

worth, get the totally best seller from us currently from several preferred

authors. If you want to droll books, lots of novels, tale, jokes, and more fictions collections are afterward launched, from best seller to one of the most current released. You may not be perplexed to enjoy all book collections El Texto Literario Teoria Y Metodo Para Un Analisis Integral that we will extremely offer. It is not on the costs. Its nearly what you habit currently. This El Texto Literario Teoria Y Metodo Para Un Analisis Integral, as one of the most involved sellers here will no question be among the best options to review.
