from the age of seven to about twelve i suffered from epileptic seizures i took medicine for years and years then one day i just noticed it had gone away seemingly on its own i highly doubt the medicine i was on had any effect upon my condition upon reading through some passages i discovered around that age the brain naturally goes through a reorganization process in which it reinforces the parts we regularly use and removes the ones we don t to improve efficiency i have no idea what garbage they were feeding me but now in my later years i have learned that cannabis could have spared me from the needless suffering
