this is the first volume to mobilize encounters between the work of gilles deleuze and félix guattari and the rich developments in cultural studies of music and sound the book takes seriously the intellectual and political challenge that the process philosophy of deleuze and guattari poses for previous understandings of music as permanent objects and primarily discursive texts by elaborating on the concepts of deleuze and guattari in innovative ways the chapters of the book demonstrate how musical and sonic practices and expressions can be reconsidered as instances of becoming actors in assemblages and actualizations of virtual tendencies the collection pushes notions of music and sound beyond such long term paradigms as identity thinking the privileging of signification and the centrality of the human

subject the chapters of the volume bring a range of new topics and methodological approaches in contact with deleuze and guattari these span from movement improvisation jazz and western art music studies sound and performance art and reality tv talent shows to deaf musicians and indigenous music the book also highlights such fresh ways of doing analysis and shaping the methodological tools of music and sound studies that are enabled by deleuze and guattari s philosophy their philosophy too gains renewed capacities and potential when responding to ethnographic cultural ethnomusicological participatory aesthetic new materialist feminist and queer perspectives to music and sound

what is experimental music today recent attempts to define or identify examples of experimental music have been cautious and subjective offering very little guidance to anyone with an interest in this field of activity is experimental music a historical event that refers only to john cage and his influence or does it have a greater spread and longevity the development of this musical practice over the last 45 years merits a fresh definition and discussion an experimental approach is not identifiable in specific sounds or techniques and its scope would be drastically limited if it were judged on the basis of social or aesthetic groupings or self identifications of composers

today s education and communications media are seen to be the main cause of the anonymity of contemporary music and suggestions are made to improve this situation leigh landy investigates audio visual applications that have hardly been explored new timbres and sound sources the discovery of musical space new notations musical politics and the musical community in an attempt to incite more composers musicians and musicologists to get this music out into the works and to stimulate the creation of new experimental works

becoming noise music tells the story of noise music in its first 50 years using a focus on the music s sound and aesthetics to do so part one focuses on the emergence and stabilization of noise music across the 1980s and 1990s whilst part two explores noise in the twenty first century each chapter contextualizes tells the story of the music under discussion before describing and interpreting its sound and aesthetic stephen

graham uses the idea of becoming to capture the unresolved dialectical tension between noise disorder and musical order in the music itself the experiences listeners often have in response and the overarching story or becoming of the genre that has taken place in this first fifty or so years the book therefore doubles up on becoming it is about both the becoming it identifies in and the larger genre making process of the becoming of noise music on the latter count it is the first scholarly book to focus in such depth and breadth on the sound and story of noise music as opposed to contextual questions of politics history or sociology relevant to both musicology and noise audiences becoming noise music investigates a vital but analytically underexplored area of avant garde musical practice

boring formless nonsense intervenes in an aesthetics of failure that has largely been delimited by the visual arts and its avant garde legacies it focuses on contemporary experimental composition in which failure rubs elbows with the categories of chance noise and obscurity in these works we hear failure anew we hear boredom formlessness and nonsense in a way that gives new purchase to aesthetic philosophical and ethical questions that falter in their negative capability reshaping current debates on failure as an aesthetic category eldritch priest shows failure to be a duplicitous concept that traffics in paradox and sustains the conditions for magical thinking and hyperstition framing recent experimental composition as a deviant kind of sound art priest explores how the affective and formal elements of post cagean music couples with contemporary culture s themes of depression distraction and disinformation to create an esoteric reality composed of counterfactuals and pseudonymous beings ambitious in content and experimental in its approach boring formless nonsense will challenge and fracture your views on failure creativity and experimental music
