many of the most powerful lessons that happen during the pivotal college years don't take place in the classroom they happen in the world outside it 50 things every college student should know is the go to book for all college students on the brink of entering the real world this best selling guide helps students get the most out of their college experience from day one by teaching them those simple

yet critical lessons that can truly lead to a brighter future written by college leadership and millennial workplace expert antonio neves with college students in mind this book gets straight to the point in bite sized chapters and helps students get the most out of their college experience from day one on campus this book is the perfect high school graduation gift college orientation guide and conversation starter for students

today s college students a reader looks at a wide variety of student groups and identities which sets it apart from other texts on contemporary college students that do not cover such a broad spectrum

this uniquehands onguide uses a highly effective case approach to explore specific reality based examples of the complex controversial and difficult ethical issues that students face on college campuses todaye g plagiarism racism and hate speech date rape alcohol abuse then through thought provoking questions and critical discussions prods readers to explore their own positions notions and opinions and to justify their stances it shows them how five important ethical principles can be used to think through these problems and to solve them in ethical dialogues academic integrity grading and cheating tolerance diversity and hate speech privacy and dialogue loyalty friendship and community sex relationships and power drinking and living the good life on getting a life religion relativism and dialogue for college students and anyone interested in ethics

this book turns the traditional approach to student success on its head by examining the learning habits of successful students based on what they have told us about their learning strategies on what they do to succeed in college and on the teaching practices they think best foster their learning this approach is in stark contrast to most recent studies of learning at the college level which focus on what students need to do to succeed but are written from the point of view of experts who provide advice to struggling students learning from the learners successful college students share their effective learning habits is based on what expert students tell us about what they as learners do to succeed it is grounded in a 10 year study that rests on a rich qualitative data set that includes open ended survey responses gathered on a term by term basis and in depth interviews during the freshman and junior years with over 700 students of diverse backgrounds additionally since many students interviewed were the first in their family to attend college and from backgrounds traditionally underserved by higher education the book s insights will be of particular interest to educators elsewhere who are increasingly expected to help similar students succeed themes include student success academic challenges diversity pedagogy and technology in the classroom no other book on the widely discussed subject of student success relies on such

a wealth of quantitative and qualitative data about what works from the point of view of students themselves

new college students face a world of adjustments as they take on the challenge of campus life and one of the biggest tests is learning to thrive in the midst of monumental life change student to student is a collection of reflections written by students for students that takes an honest look at the most common pitfalls and opportunities that

in the era of such online spaces as facebook instant messenger live journal blogger shots and campus blogs college students are using these resources and other online sites as a social medium inevitably this medium presents students with ethical decisions about social propriety self disclosure and acceptable behaviour because online social networking sites have proven problematic for college students and for college administrators this book aims to offer professional guidance to higher education administrators and policy makers online social networking on campus understanding what matters in student culture is a professional guide for higher education faculty and student affairs administrators which rigorously examines college students use of online social networking sites and how they use these to develop relationships both on and off campus most importantly online social networking on campus investigates how college students use online sites to explore and makes sense of their identities providing information taken from interviews surveys and focus group data the book presents an ethnographic view of social networking that will help student affairs administrators information technology administrators and faculty better understand and provide guidance to the neomillennials on their campuses

the bestselling analysis of higher education s impact updated with the latest data how college affects students synthesizes over 1 800 individual research investigations to provide a deeper understanding of how the undergraduate experience affects student populations volume 3 contains the findings accumulated between 2002 and 2013 covering diverse aspects of college impact including cognitive and moral development attitudes and values psychosocial change educational attainment and the economic career and quality of life outcomes after college each chapter compares current findings with those of volumes 1 and 2 covering 1967 to 2001 and highlights the extent of agreement and disagreement in research findings over the past 45 years the structure of each chapter allows readers to understand if and how college works and of equal importance for whom does it work this book is an invaluable resource for administrators faculty policymakers and student affairs practitioners and provides key insight into the impact of their work higher education is under more intense scrutiny than ever before and understanding its impact on students is critical

for shaping the way forward this book distills important research on a broad array of topics to provide a cohesive picture of student experiences and outcomes by reviewing a decade's worth of research comparing current findings with those of past decades examining a multifaceted analysis of higher education's impact and informing policy and practice with empirical evidence amidst the current introspection and skepticism surrounding higher education there is a massive body of research that must be synthesized to enhance understanding of college's effects how college affects students compiles organizes and distills this information in one place and makes it available to research and practitioner audiences volume 3 provides insight on the past decade with the expert analysis characteristic of this seminal work

success in high school does not necessarily translate into success at college entering college marks the transition to adulthood which is why decisions made during the freshman year at college tend to impact the rest of a student's college experience and the rest of life so how do students ensure that they survive and thrive in college the bite-sized common sense direct to action ideas in student success tweet will set entering freshman and all college students on the path to college success this unique book will help students develop the tools skills and habits that are the prerequisites for success in college and in future careers authors marie b highby and julia c schmitt are ideally situated to share wisdom and ideas on the college experience marie leadership coach and college instructor brings to the book her first hand experience working with students at san jose state university julia a recent stanford grad as well as an environmental consultant and entrepreneur brings the perspective of her own college experience along with the insights she's developed in her networking with current college students as well as other recent alums among many other things readers of student success tweet will learn to plan their college careers proactively establish healthy social networks find the balance between life class and work handle universal issues like emotional stress and homesickness and navigate the way to be successful college graduates learning lessons for life student success tweet walks new college students through the big picture life issues as well as the mundane yet unavoidable details associated with university life all in a format that fits busy student schedules each tweet can be read in an instant between classes during a study break and over time forms an aha moment to reflect upon and put into practice this is the perfect quick guide to college for a time-crunched freshman as well as a book containing sound advice for any young person student success tweet is part of the thinkaha series whose slim and handy books contain 140 well thought out quotations tweets ahas

what things does every college student need to know in 1001 things every college student needs to know harry h harrison jr provides
