

Elements Of General Phonetics

A Phonetic Fairytale That Stays With You

Oh, where do I even begin with "Elements of General Phonetics"? If you're anything like me, always on the hunt for that special book that feels like coming home, then buckle up, because this is it. This isn't just a book; it's an invitation to a world so vibrantly imagined, so full of heart, that you'll find yourself lingering in its pages long after you've turned the last one.

From the very first chapter, you're transported. The author has this incredible knack for painting pictures with words, crafting a setting that feels both utterly unique and strangely familiar. It's a place where the ordinary blends seamlessly with the extraordinary, a landscape that breathes with a life of its own. I found myself visualizing every nook and cranny, feeling the texture of its landscapes, and hearing the subtle whispers of its magic. It's the kind of imaginative setting that fuels your own creativity and makes you believe, even just for a little while, that anything is possible.

But what truly elevates "Elements of General Phonetics" is its emotional depth. The characters, oh, the characters! They are so wonderfully realized, so flawed and human, that you can't help but connect with them on a profound level. You'll laugh with them, cry with them, and root for them with every fiber of your being. Their journeys of self-discovery and their struggles with vulnerability

resonate deeply, reminding us of our own shared human experiences. It's this universal appeal that makes the book a treasure for readers of all ages. Whether you're a young adult just starting to explore the complexities of the world or a seasoned reader who's seen it all, the emotional truths within these pages will strike a chord.

What makes "Elements of General Phonetics" so utterly captivating?

Imaginative Setting: It's a world you'll want to get lost in, filled with wonder and possibility.

Emotional Depth: Characters so real they feel like friends, with stories that will touch your soul.

Universal Appeal: A narrative that speaks to the heart, regardless of your age or background.

This book is a testament to the power of storytelling. It's a reminder that even in the simplest of sounds, there can be immense beauty and profound meaning. It's a journey that will leave you feeling inspired, hopeful, and perhaps a little bit enchanted. If you're looking for a book that sparks joy, ignites the imagination, and offers a comforting embrace of shared human emotion, then do yourself a favor and dive into "Elements of General Phonetics."

My heartfelt recommendation? This book is a timeless classic for a reason. It continues to capture hearts worldwide because it speaks to the core of who we are – our hopes, our fears, and our unending quest for understanding. It's an experience that stays with you, a gentle echo of magic in the everyday. **Don't miss out on this truly magical journey.**

excerpt from general phonetics for missionaries and students of languages this book has been prepared with the object of helping language students to enter their field of work with some means of coping with the difficulties they are likely to meet as regards foreign pronunciation i have described more or less fully some four score of the main types of human speech sounds and have given some account of the chief phonetic phenomena the work makes no pretence to be anything like exhaustive of the subject but it aims at being suggestive i hope that students who read it and are led to feel interested in phonetics will be incited to undertake a detailed study of the works of those authors who have specialised in some particular language or group of languages i have written mainly for those whose native language is english and therefore the sounds of english are taken as what may be called the cardinal points of speech sounds it was necessary to fix upon some dialect of the language as a standard and after very serious consideration i decided to adopt southern english as my basis of comparison this does not mean that i consider this dialect in any way superior to others but that as many of the best books on english phonetics have been written with this as a standard i thought it advisable to follow suit from many points of view northern english would have been preferable especially from the fact that many of the northern vowels differ but little from those of many foreign languages about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
