this handbook will be a comprehensive interdisciplinary overview of indigenous peoples rights chapters by experts in the field will examine legal philosophical sociological and political issues addressing a wide range of themes at the heart of debates on the rights of indigenous peoples the book will address not only the

major questions such as who are indigenous peoples what is distinctive about their rights how are their rights constructed and protected what is the relationship between national indigenous rights regimes and international norms but also themes such as culture identity genocide globalization and development rights institutionalization and the environment

the past decade has been one of the most volatile periods in global petroleum markets in living memory and future oil supply security and price levels remain highly uncertain this poses many questions for the professional activities of planners and urbanists because contemporary cities are highly dependent on petroleum as a transport fuel how will oil dependent cities respond and adapt to the changing pattern of petroleum supplies what key strategies should planners and policy makers implement in petroleum vulnerable cities to address the challenges of moving beyond oil how might a shift away from petroleum provide opportunities to improve or remake cities for the economic social and environmental imperatives of twenty first century sustainability such questions are the focus of contributors to this book with perspectives ranging across the planning challenge overarching petroleum futures governance transition and climate change questions the role of various urban transport nodes and household responses ways of measuring oil vulnerability and the effects on telecommunications ports and other urban infrastructure this comprehensive volume with contributions from and focusing on cities in australia the uk the us france germany the netherlands and south korea provides key insights to enable cities to plan for the age beyond petroleum

in 2015 a historic panel discussion took place at the global festival of theology held in sweden its objective was to examine what the sacred texts of the abrahamic faiths judaism christianity and islam had to say about human sexuality by bringing in perspectives from the karmic faiths of buddhism jainism sikhism and hinduism which together represent the beliefs of almost a third of the world s population i am divine so are you expands this conversation between world religions and human sexuality to a truly global level the theology of karmic faiths is revealed at the intersection of scripture culture rituals and lived realities and hence they are dynamic and amenable to a multiplicity of perspectives they lend themselves more easily to a recognition and acceptance of fluidity in human sexuality this is a landmark book as it recasts religion especially karmic faiths as an ally and not an adversary of queer emancipation and thus significantly informs the secular and legal movements for lgbtq rights around the world

winner of the 2017 australian book industry awards general non fiction book of the year winner of the 2016 melbourne press club lifetime achievement award there will

be no wrecking no undermining and no sniping tony abbott 15 september 2015
 abbott s performances in the party room debates on education and climate change
 had ranged between woeful and pathetic he sounded desperate he was
 inconsistent and his colleagues thought slightly ridiculous they knew he would
 never stop going after cheap headlines during soft interviews where he sucked up
 the oxygen with revision and division as his calling cards all they could hope was
 that people would soon grow tired of listening to him normal people might have but
 the media grew more and more hysterical as if a challenge were imminent in the
 original edition of the road to ruin prominent political commentator author and
 columnist for the australian niki savva revealed the ruinous behaviour of former
 prime minister tony abbott and his chief of staff peta credlin based on her
 unrivalled access to their colleagues and devastating first person accounts of what
 went on behind the scenes savva painted an unforgettable picture of a unique duo
 who wielded power ruthlessly but not well that edition became a major bestseller
 and went on to win an australian book industry award for the best general non
 fiction book of the year now savva continues where she left off this updated edition
 contains a new 13 500 word final chapter in which savva reveals the inner state of
 the turnbull government and the behind the scenes jockeying of friends and foes
 alike from christopher pyne s career stalling own goal to peter dutton s post
 turnbull leadership ambitions to tony abbott s ramped up destabilisation campaign
 it is as usual an unputdownable and impeccably sourced account praise for niki
 savva this is what you have to remember about savva s controversial book the road
 to ruin she was onto this story early and she ran with it in her weekly column her
 account of the coup is both suspenseful and full of fascinating granular detail the
 sydney morning herald well researched and well written with a sharp eye albeit with
 an occasional serrated edge savva has written a book in which it is easy to be
 immersed the narrative unfolds in a convincing flow sourced directly from the words
 of many of the players the bruised and battered the disillusioned and disaffected
 and ultimately in the triumphant voices of the coalition plotters a compelling book
 that has established an indelible and influential benchmark for explaining the
 turbulent rise and tumultuous fall of the abbott government the weekend australian

sunday times bestseller if you think the uk isn t corrupt you haven t looked hard
 enough this terrifying book follows a global current of dirty money and the murders
 and kidnappings required to sustain it george monbiot guardian an economist and
 washington post book of the year 2020

a highlight for the art gallery of south australia in june will be the much anticipated
 treasure ships art in the age of spices which is the first exhibition in australia to
 present the complex artistic and cultural interactions between europe and asia
 from the sixteenth to the nineteenth centuries a period known as the age of spices

bachelor thesis from the year 2015 in the subject business economics general grade 1.3 university of mannheim language english abstract this term paper deals with the strategy called quality minus junk qmj the reader will see that both abnormal returns characterized as alpha and excess returns characterized as returns above the risk free rate are consistently high for any of the three major asset pricing models this particular thesis is going to go through the main findings and observations that asness frazzini and pedersen have made in their research on the qmj factor and is also going to extend on some further examination of qmj the upcoming chapter briefly discusses the reason behind using the gordon growth model as the basis of the quality score and the four main quality measures which were used in the design of the qmj strategy chapters 3 4 and 5 retest the findings by using three years of additional data and its most recent updates in may 2015 in chapter 3 are tests which were performed for different levels of quality chapter 4 will focus on the role of the qmj factor in pricing other risk factors and chapter 5 analyzes qmj for different economic environments therefore new aspects will be added to the analysis in chapter 6 the readers will see how the qmj strategy has performed during different levels of the sentiment index and the last chapter deals with the q factor model to see how well it explains the qmj factor performance there are three main questions that are pursued and dealt with in this thesis 1 what has changed in terms of the main findings for the qmj strategy with the new and updated data 2 the price of quality and the premium paid for higher quality constantly changes especially for different market cycles and environments it would therefore be interesting to see what one of the most popular measures of market sentiment the sentiment index by baker and wurgler can tell us about the qmj factor and vice versa and the last question is there any potential relation between the two

critically examines public toilet design in the uk and presents an inclusive design approach for widely accessible facilities that can be used by everyone
