how have jews experienced their environments and how have they engaged with specific places how do jewish spaces emerge how are they contested performed and used with these questions in mind this anthology focuses on the production of jewish space and lived jewish spaces and sheds light on their diversity inter connectedness and multi dimensionality by exploring historical and contemporary case studies from around the world the essays collected here shift the temporal focus generally applied to jewish civilization to a spatially oriented perspective the reader encounters sites such as the gardens cultivated in the ghettos during world war ii the israeli development town of netivot thornhill an orthodox suburb of toronto or new virtual sites of jewish second life on the internet and learns about the jewish landkentalish movement in interwar poland the jewish connection to the sea and the culinary landscapes of russian jews in new york employing an interdisciplinary approach with a strong foothold in cultural history and cultural

anthropology this anthology introduces new methodological and conceptual approaches to the study of the spatial aspects of jewish civilization

a ride on a steam train is a popular family outing more than 100 heritage railways cater for that demand capturing the spirit of nostalgia while preserving the engines and equipment of past days of rail travel their interests even extend to the modern era of 1960 s 70 s diesels those heritage railways themselves have a long pedigree back to 1951 when a group of enthusiasts saved the talyllyn railway in mid wales from closure they ran this railway as volunteers out of their love of the little trains and a desire to keep it going their example was followed by many more preservation societies who preserved and restored branch lines country lines and industrial lines for our enjoyment now six decades have passed and we are now beginning to realize what an impressive history the heritage railway movement has this book traces that history from the humble beginnings the hopes and ambitions of the pioneers on the different railway projects there were times of failure and frustration as some fell by the wayside but others have made it through times of adversity to become the major heritage businesses of today

with over 200 illustrations of iconic works as well as preparatory studies and historic photographs this book offers fresh insight into koons s polarizing and influential career

popular media present a vast array of stories about women and men what impact do these images and ideas have on people s identities the new edition of media gender and identity is a highly readable introduction to the relationship between media and gender identities today fully revised and updated including new case studies and a new chapter it considers a wide range of research and provides new ways for thinking about the media s influence on gender and sexuality david gauntlett discusses movies such as knocked up and spiderman 3 men s and women s magazines tv shows self help books youtube videos and more to show how the media play a role in the shaping of individual self identities the book includes a comparison of gender representations in the past and today from james bond to ugly betty an introduction to key theorists such as judith butler anthony giddens and michel foucault an outline of creative approaches where identities are explored with video drawing or lego bricks a companion website with extra articles interviews and selected links at theoryhead com

the global response from business to social and environmental issues during the past decade has created a corporate responsibility movement but what has been the impact of this movement the financial crisis that began in 2007 has led more and more people to question the fundamentals of our economic system now some within the corporate responsibility movement are developing a vision and practice of a new form of capitalism one that will require collective action to achieve bendell and doyle draw on lifeworth s annual reviews of corporate responsibility and explain how business

leaders stakeholders and related academe now need to experiment with new models that address the fundamental flaws of contemporary capitalism including monetary systems enterprise ownership and regulation this book will be a fantastic resource for business libraries as it records and analyses key events issues and trends in corporate responsibility during the first decade of the 21st century it is a sequel and companion to bendell s previous work the corporate responsibility movement

revives the classical strategies of ancient greek and roman rhetoricians and adapts them to the needs of contemporary writers and speakers

having lost an election been thrown out by their party or retired on grounds of ill health what do former british prime ministers do in the first book to look at the lives political roles and influence of former prime ministers kevin theakston offers a comprehensive analysis of all the former prime ministers from robert walpole in the 18th century to tony blair today this lively and informative book will appeal to those interested in british history as well as in contemporary politics you are very ex as an ex prime minister it has been said the telephone goes and immediately you think oh goodness me the united nations is sitting margaret thatcher admitted then you realize that it s no longer you any more some former prime ministers fade into the background but others have continued to play a significant role in politics sometimes constructively but sometimes quite the reverse some enhance their reputations after they leave number 10 but others damaged their reputations badly this book sheds new light on the people who have held the highest office in british government

presents an anthology of the best sports writing published in 2014 selected from american magazines and newspapers

a complete overview of the pioneering artist who brought photography to contemporary art

the current edition of the report anticipates a fifth consecutive year of overall output growth and continued strong demand for primary commodities contributing to an overall increase in per capita gross domestic product in developing countries the main risk to this positive scenario the report warns is that a major recession in the united states could sharply curtail exports from china and india which are setting the pace for this growth the report says regional cooperation can help reduce the vulnerability of developing nations to current account imbalances such as that of the us and also reduce their vulnerability to major shifts in exchange rates caused by speculative capital flows

mythic speculative macabre science fictional weird fantastic dystopian dark cosmic magical surreal astrological elfin supernatural futurist spiritual

horrific mystical astronomic grotesque ethereal folkloric utopian scientific terrifying starry spectral regardless of the differences in their emphases the 96 poems published in this the 31st annual rhysling anthology have two things in common in privileging the imagination they explore realms and ideas that hover outside the confines of our largely rational and empiric daily realities and of all such poems published in 2007 the explorations undertaken herein are the most innovative and nuanced and the most masterfully articulated
