child labour constitutes a major public health concern with estimates that world wide 110 million children aged 5 14 years are engaged in labour that can be described as hazardous or intolerable this book examines both the rights oriented and public health perspectives on child labour a rights approach ensures that exploitative and abusive work is considered not just in terms of a labour market or health rights approach but also in terms of human dignity and the solutions that preserve the rights of children and communities the public health approach is steeped in the relationship between individuals and their community seeking to identify how the presence or absence of government programmes and policies affects those involved the economics perspective is also presented early in the book to aid understanding of the causes and consequences of child labour before the alternate public health and sociological views are presented the editors examine factors such as poverty malnutrition social disadvantage gender globalisation and education and look at both physical and psychological threats this book will be of use to academics and students involved in health health policy social sciences and development disciplines those actively involved public health initiatives such as policy makers and non governmental organisations will also find this an invaluable resource

the book gives an overview of the nature and extent of the problem of child labour and the consequences for the victims these volumes discuss in details the shocking scene of child labour reforms in child labour challenges of measuring child labour children and prostitution global response to child labour action against child labour educational strategies to eliminate child labour natural disaster and child labour it also discusses sympathetically economic exploitation of children

enslaved innocence child labour in south asia explores the historical economic and social factors surrounding the issue of child labour it is often argued that child labour is the result of under development large families or cultural practices this volume attempts to highlight the structural factors in capitalist societies that have made such exploitation possible and to place the issue of child labour in a theoretical framework relating to capitalist modes of production and the need for the generation of surplus for capital accumulation extremely exploitative labour processes bring out the supply and demand factors of child labour the persistence of child labour in an era of high growth and high unemployment levels amongst adult men and women points to an economic system based heavily on exploitative labour relations as we move further into the twenty first century the existence of child labour in the world is a reality which must be faced it is within this context that the present volume takes into consideration the changing global economic conditions and focuses on issues and strategies for the eradication of child labour

social welfare problems

the world of child labor details both the current and historical state of child labor in each region of the world focusing on its causes consequences and cures child labor remains a problem of immense social and economic proportions throughout the developing world and there is a global movement underway to do away with it volume editor hugh d hindman has assembled an international team of leading child labor scholars researchers policy makers and activists to provide a comprehensive reference with over 220 essays this volume first provides a current global snapshot with overview essays on the dimensions of the problem and those

institutions and organizations combating child labor thereafter the organization of the work is regional covering developed developing and less developed regions of the world the reference goes around the globe to document the contemporary and historical state of child labor within each major region africa latin and south america north america europe middle east asia and oceania including country level accounts for nearly half of the world s nations country level essays for more developed nations include historical material in addition to current issues in child labor all country level essays address specific facets of child labor problems such as industries and occupations in which children commonly work the national child welfare policy occupational safety regulations educational system and laws and often highlight significant initiatives against child labor current statistical data accompany most country level essays that include ratifications to un and ilo conventions the human development index human capital indicators economic indicators and national child labor surveys conducted by the statistical information and monitoring program on child labor the world of child labor is designed to be a self contained comprehensive reference for high school college and professional researchers maps photos figures tables references and index are included

this book discusses preventive actions that have led to reduction in the prevalence of child labor across the world over the 21st century it identifies exemplary programs in the area of community prevention that have had exceptional results for example the involvement of children in hazardous work globally being reduced by half it documents a wide range of contexts where concerted action has counteracted social permissiveness towards child labor including psycho educational interventions in preventing early school leaving and conditional cash benefits which counteract family poverty the book presents a set of evidence based practices that are particularly useful for psychologists educators and social workers more broadly this book is also of interest to policymakers professionals and activists involved in child protection policy or in implementing programs to promote the psychological well being of children

despite its decline throughout the advanced industrial nations child labor remains one of the

major social political and economic concerns of modern history as witnessed by the many high profile stories on child labor and sweatshops in the media today this work considers the issue in three parts the first section discusses child labor as a social and economic problem in america from an historical and theoretical perspective the second part presents child labor as national child labor committee investigators found it in major american industries and occupations including coal mines cotton textile mills and sweatshops in the early 1900s finally the concluding section integrates these findings and attempts to apply them to child labor problems in america and the rest of the world today

in britain the phrase child labour is associated with the past with children going up chimneys and down mines however in reality british children continue to perform arduous jobs and british multinationals exploit child workers across the globe this book explores the theoretical context of child labour research before considering the history of child labour and concluding with the present situation in the uk and usa

demographic and socioeconomic aspects of child workers in india

168 million boys and girls work as child labourers in farms fields factories homes streets and battlefields around the world a staggering 85 million are engaged in illegal hazardous work which is harmful to physical mental spiritual moral and educational development what is the extent of child slavery around the world and what are the industries which exploit children this book tackles the myths and misunderstandings surrounding child labour and explains the international labour standards and approaches aimed at eventually eliminating the exploitation of children the book also measures global progress in reducing child exploitation including the role of australian companies and consumers in ensuring the goods they produce and purchase meet minimum age standards child labour is everyone s business

the recent trend in the global system is to evaluate the development of any country not in terms of their military or economic strength or the splendor of their capital cities and big public buildings but also in terms of human development or the well being of its citizens

against this backdrop the existence and perpetuation of child labor has been one of the main limiting factors standing in the way of human development in almost all the developing countries including india the issue of child labour is a worldwide phenomenon and it exists in almost all the countries of this planet meanwhile it is very sadding to write that our india is one among the nation in the world which has the unique distinction of being a large employer of child labour since child labour is a more complex natured problem a balanced approach is needed to solve this issue with an interactive role from all concerned people and the agencies it is the right time for all to be highly and really think regarding ensure of better social political and economic lives to all sections of the society at least in the interest of human rights in this new millennium apart from the normal style this book contains some thematic discussion on child labor and human rights each chapter has written based on grass root experiences of the author this is the most creamy part of this book each and every chapter of his book gives a different outlook on the problem to the readers this book will be highly useful to academic people anthropologists policy makers ngos research students development agencies and others interested in studying the growing problems of child labour

this book presents a novel study of children s compulsory productive educational labour in modern and modernizing societies under globalization and the implications for such matters as children s everyday lives relationships and rights international legal instruments relevant analytical notions including slavery and sociological analysis

this book examines the effectiveness of trade and non trade policies to combat the menace of child labour although it has decreased on the global scale in recent years child labour still remains high particularly in the developing countries keeping in mind the estimated extent of child labour in different regions around the globe the book offers a detailed critical review of both theoretical and empirical literature on the topic as well as the policies to reduce the incidence of child labour it also develops a general equilibrium model to demonstrate the possible effects of growth promoting non trade policies as opposed to direct trade policies on child labour employment mitigation the book argues that of the non trade policies the

introduction of compulsory education appears to be an effective instrument for curtailing the child labour problem when families receive targeted subsidies for sending their children to school it also shows that appropriately designed and targeted education subsidies can reduce the incidence of child labour and that social protection measures such as subsidies on school enrolment also tend to have a positive impact the book not only opens up research topics for academicians but is also a valuable resource for policy makers

consult this handy reference work when you need accurate up to date information on subjects ranging from the effects of work on children s education to the use of child labor in eastern europe from dickensian exploitation of orphans to the after school jobs of american students child labor continues to generate controversy surveying working children from the industrial revolution to the present day child labor takes the subject beyond the usual third world confines as it looks at traditional children s occupations from chimney sweeps in victorian britain to child actors in tv commercials

guide two is addressed to enterprises and explains their options and possible strategies for eliminating child labour
