master s thesis from the year 2013 in the subject law miscellaneous grade 1 7 course master of international and european public law language english abstract historically diplomatic immunity arose out from the respect of the messengers who carry the message of their ruler or sovereign to declare war conclude peace or about other important national issues what is the appropriate scope of diplomatic immunity or whether the diplomatic privileges and immunities are too broad and in what parts they should be limited the answer to this question requires the study of the history theory and practice of the diplomatic privileges and immunities the vienna convention is the vital subject of this work because it codified in details the

customary law and the diplomatic practices regarding the diplomatic privileges and immunities this work also analyses some cases explaining how the rules regarding the diplomatic privileges and immunities are implementing in practice

in the context of turkey s accession to the eu the issue of potential migration from turkey and its impact upon european labor markets became one of the concerns of the eu considering turkey s growing population and young labor force in 2011 half a century after the bi lateral agreement between turkey and germany on labor recruitment in 1961 migration plays a key role in relations of turkey with the eu and will even increase its significance not necessarily for the next fifty years but certainly for the next decade this book touches upon various aspects of the ongoing debate about the effects of turkey s accession to the eu upon the migration flows and sheds light on various dimensions of current panorama addresses policy implications as well as future challenges and opportunities

in essays on film literature capitalism and the university this book illuminates and deepens the understanding of the parasite as a concept metaphor for cultural and social critique

for the past thirty years or so wetlands have been at the forefront of developments in understanding past cultural activity and associated landscapes waterlogged environments and contexts not only preserve the organic part of the cultural record but they also provide an archive of the environmental conditions pertaining at the time the deposits form thereby allowing the detailed reconstruction of their associated environments and landscapes

departing from standard histories this book draws on the theory of excess in film to provide a re examination of polish cinema history following emancipatory impulses that emerged in polish culture between the great crisis of 1968 marked by the expulsion of polish jews and persecution of students and the conservative revolution of the solidarity movement in the 1980s employing a transnational and decolonial lens sebastian jagielski argues that beyond the binary of state endorsed and official opposition media there exists a range of subversive and radical films he provides close readings of key examples such as the devil diabel 1972 a story of sin dzieje grzechu 1975 and the palace palac 1980 considering their depiction and transformation of emancipatory ideals born out of western countercultural movements he also explores the filmmaking practices of directors like andrzej wajda to andrzej zulawski examining their use of subtext seemingly lurid narratives and subversive embedded gestures produced against the backdrop of communist poland s censorship practices in doing so he proposes a critical revision of the normative cinema of moral anxiety he goes on to consider how on screen depictions of sexuality intersect with various modes of difference highlighting the impact of racism homophobia misogyny and classism rejecting a linear narrative in favour of a fragmented history jagielski uncovers the untold stories of polish cinema s subversive influences
