dr ronald hoffman and dr barry fox two of the nation s top experts on natural and alternative therapies have teamed up to  
present the very best that complementary and alternative medicine has to offer did you know that the herb valerian may  
alleviate anxiety without causing drowsiness homeopathy may clear nasal congestion as effectively as prescription nasal drops  
cinnamon may help control blood sugar but the trace mineral chromium may work even better acupuncture may enhance the

effectiveness of a common pain reliever for osteoarthritis what distinguishes these from other natural and alternative therapies is that they actually work dr hoffman and dr fox have screened and evaluated hundreds of remedies to identify those that are scientifically proven to be effective for specific health concerns their exclusive one to five star rating system allows readers to review and compare remedies at a glance to try those of their choosing with confidence no other book of natural and alternative treatments has used such rigorous scientific standards to determine which treatments are worthy of recommendation

index medicus in v 1 30 1895 1924

the potential benefits of plants and plant extracts in the treatment and possible prevention of many leading health concerns are historically well known and are becoming more widely studied and recognized within the medical community it is these studies that led to the first compilation of new research developments identifying new extracts and uses for plants in disease prevention and treatment this major comprehensive reference work contains contributions from more than 150 clinical and academic experts covering topics such as treatments of cancer and cardiovascular diseases as well as historical plant use by indigenous people supported by recent scientific studies authors review the safety and efficacy of botanical treatments while identifying the sources historical supportive data and mechanisms of action for emerging treatments written by researchers currently carrying out identification and biomedical testing this is the most up to date text on the latest research from all over the world it is an essential resource for health care practitioners and herbalists as well as researcher students and professionals in botany and alternative medicine

now in its sixth edition this comprehensive text provides pertinent information on medical diagnosis therapy lab tests and health maintenance essential to decision making in primary care medicine every chapter has been revised to include more images tables and bulleted lists practical recommendations that incorporate the best available evidence expert consensus guidelines and clinical judgement are listed in bulleted items at the end of every chapter the dermatology section has been extensively revised for this edition by a new section editor a companion website offers the fully searchable text and an image bank

principles of gender specific medicine examines how normal human biology differs between men and women and how the diagnosis and treatment of disease differs as a function of gender this revealing research covers various conditions that predominantly occur in men and as well conditions that predominantly occur in women among the subjects covered are

cardiovascular disease mood disorders the immune system lung cancer as a consequence of smoking osteoporosis diabetes obesity and infectious diseases gathers important information in the field of gender based biology and clinical medicine proving that a patient's sex is increasingly important in preventing illness making an accurate diagnosis and choosing safe and effective treatment of disease addresses gender specific areas ranging from organ transplantation gall bladder and biliary diseases to the epidemiology of osteoporosis and fractures in men and women many chapters present questions about future directions of investigations

disappointment with conventional healthcare has led to an unprecedented interest in natural alternatives at the same time holistic medicine and therapies have aggressively marketed themselves as safe and effective and most of the time this is the case but enthusiasm for alternatives is not always justified not every therapy can cure every ill not every supplement enhances health alternative healthcare is big business the opportunity for individuals to take greater control of their health has given scope to every kind of company to manufacture promote and sell natural therapies and medicines pat thomas is passionate about the concept of alternative healthcare but she is equally passionate about getting to the truth and will not hesitate to criticise where appropriate in order to give the consumer a real choice written from the point of view that choice without information is no choice at all it is first and foremost a consumer publication and will become the bible of alternative healthcare other books by pat thomas cleaning yourself to death headaches the common sense approach pregnancy the common sense approach

offers practical guidance on how to manage the most common conditions seen in ambulatory geriatrics required reading for students residents and practitioners who care for the elderly addresses controversies and uncertainties in the diagnosis and management of each problem patient education emerging therapeutic approaches and cost analyses and behavioral family holistic approaches
