an innovative approach to legislative study this volume views the kansas legislature from the perspective of organization theory authors marvin a harder and raymond g davis examine the technical and procedural aspects of the legislature that most scholars have overlooked they provide a careful precise theoretical study of the organization and structure administrative and staff relationships and formal processes of the legislature applying the concepts of organization theory harder and davis describe and analyze how the kansas legislature works they

cover the legislative staff the networks of communication and socialization the role of leadership the committees and the legislative functions of lawmaking and of overseeing they also discuss recent changes in the legislature and give a profile of the legislators this book breaks new ground by focusing on organization theory rather than political analysis to explain the dynamics of legislative operations of particular value to kansas legislators and students of kansas legislative process it will also contribute to the general literature about american legislative institutions

this first historical study of u s budget policy covering the last three decades places the budget at the center of modern american politics and adds an important dimension to the understanding of recent events

this book provides insight into how san francisco s progressive coalition developed between 1975 and 1991 what stresses emerged to cause splintering within the coalition and how it fell apart in the 1991 mayoral campaign deleon analyzes the success and failures of the progressive movement as it toppled the business dominated pro growth regime imposed stringent controls on growth and development and achieved political control of city hall

economic development and urban growth are the contested grounds of urban politics business elites and politicians tend to forge pro growth coalitions centered around downtown development while progressive and neighborhood activists counter with a more balanced approach that features a strong neighborhood component urban politics is often shaped by this conflict which has intellectual as well as practical dimensions in some cities neighborhood interests have triumphed in others the pro growth agenda has prevailed in this illuminating comparative study barbara ferman demonstrates why neighborhood challenges to pro growth politics were much more successful in pittsburgh than they were in chicago operating largely in the civic arena pittsburgh s neighborhood groups encountered a political culture and institutional structure conducive to empowering

neighborhood progressivism in housing and economic development policymaking in contrast the pro growth agenda in chicago was challenged in the electoral arena which was dominated by machine ward based politicians who regarded any independent neighborhood organizing as a threat consequently neighborhood demands for policymaking input were usually thwarted besides revealing why the development policies of two important american cities diverged ferman s unique comparative approach to this issue significantly expands the scope of urban analysis among other things it provides the first serious study to incorporate the civic sector neighborhood politics as an important component of urban regimes ferman also emphasizes institutional and cultural factors often ignored or relegated to residual roles in other studies and expounds on their influence in shaping local politics and policy to add an analytical and normative dimension to urban analysis she focuses on the non elite actors not just the economic and political elites who compose governing coalitions ultimately ferman takes a more holistic and balanced view of large cities than is typical for urban studies as she argues that neighborhoods are an important integral part of what cities are and can be for that reason especially her work will have a profound impact upon our understanding of urban politics
