all over the world there are fantastic ruins and objects that cannot be explained by conventional history archaeology or religion in the ground breaking chariots of the gods erich von daniken provides answers to these questions why do religious texts often refer to gods who descend from fiery chariots why do modern space launch sites look like constructions on the plains of nazca in peru was god an astronaut by looking at human history and the ruins of ancient civilisations with an open mind erich von daniken offers a new solution to these eternal mysteries in chariots of the gods why for instance do the world's sacred books describe gods who came down from the sky in fiery chariots and always promised to return how could an ancient sanskrit text contain an account which could only be of a journey in an alien craft compare photographs of american space centre launch sites to the constructions on the plains of nazca in peru in order to understand the mysteries

which erich von daniken has catalogued we must go back to these ancient relics with an open mind we must call in the resources and experience of sciences other than archaeology chariots of the gods is a provocative attempt to explain some of the universe s most interesting mysteries erich von daniken has spent a lifetime gathering evidence to prove that before the dawn of recorded history our ancestors were visited by an alien race erich von daniken was responsible for popularising the ancient astronaut hypothesis of human development orthodox historians have been sceptical but a vast public have been drawn to his ideas by instinctive interest and wonder his 26 books have sold over 60 million copies in over 40 languages

the long awaited sequel to the worldwide best seller chariots of the gods when chariots of the gods was published 50 years ago it began a worldwide change in humanity s view of the cosmos in an era of the military space race erich von däniken boldly proclaimed that earth had been visited by more advanced beings early in our history but prescientific man had no concept of space ships so he called their vehicles chariots and those driving the chariots became gods over the next five decades von däniken s more than 40 books built an ever stronger case for earth being visited by extraterrestrial visitors and chariots became an international best seller with 30 million copies sold in more than two dozen languages also during that time the case for et visitations millennia ago was being reexamined by contemporary ufo researchers who found evidence of modern visitations and von däniken expanded his perspective to encompass the present now he presents his long awaited sequel to chariots of the gods proclaiming that the gods never left us with all new material to show that ancient aliens are still with us the gods never left us contends that recent advancements in biotechnology astrophysics engineering and artificial intelligence not only give us a fresh perspective on his ancient astronaut theory but actually validates it we are as a race embarking on the exact same trajectory of our own interplanetary colonization just as von däniken suggested earth itself was colonized ets are definitely at work today and that affects all of us why do they do what they do what could an extraterrestrial species possibly gain from observing us in the same way we look at ants what have these strangers wanted for the past thousands of years can t they leave us alone and what makes it so difficult for us to acknowledge the existence of these extraterrestrials that is what this book deals with erich s newest book is a fascination journey from the ancient past into the present with a plethora of scientific evidence and documented research as always he ads his own to the point take on it all readers may also like that his newest work moves in a slightly different direction from his past books a thoroughly enlightening and enjoyable read bruce cunningham director ancient mysteries international llc publisher of advanced archaeology review magazine

were visitors from outer space responsible for the fantastic and unexplained ruins left behind by ancient civilizations

please note this is a companion version not the original book sample book insights 1 the astronomers estimate that there are about 4 500 stars that can be seen with the naked eye the telescope of a

small observatory makes nearly two million stars visible and a modern reflecting telescope brings the light from thousands of millions more to the viewer but in the colossal dimensions of the cosmos our stellar system is only a tiny part of an incomparably larger stellar system 2 there are 18 000 planets in our galaxy that are similar to the earth and it is estimated that two million different species of living creatures live on the earth the idea that life can only exist and develop on a planet like the earth is no longer true 3 the universe is estimated to be between eight and twelve milliard years old meteorites bring traces of organic matter under our microscopes bacteria millions of years old wake up to new life floating spores propelled by the light of a sun travel the universe and are captured by the gravitational field of a planet 4 we took 400 000 years to reach our present state and stature who can produce concrete proof that another planet did not provide more favorable conditions for the development of other or similar intelligences we are nothing but ants in the vast state of the universe

with more than 140 photographs maps models and drawings von dñiken applies the same fact filled analysis to nazca an ancient isolated settlement deep in the peruvian desert that launched his 1968 bestseller chariots of the gods he analyzes aerial views and closeups of extraordinary markings that stretch for miles forming complex designs noticeable only from the air
