please note this is a companion version not the original book sample book insights 1 shin s mother was a prisoner in camp 14 she was required to work all day and if she met her daily work quota she could bring home food for that night and the following day shin took as much food as he could from her since he didn t know that she was also required to bring him food 2 in north korea marriage was a way for prisoners to escape their sentence and it was often used as a reward for good work for prisoners children however the experience was often marred by their parents interactions with guards who taught them that they were prisoners because of the sins of their parents 3 when shin was ten he went to see his mother at the rice farm he watched as she had sex with a guard he never asked his mother about what he saw and never mentioned it to his father 4 north korea s food problem is not limited to just the labor camps it has stunted the bodies of millions across the country the country needs to produce more than five million tons of rice and cereal grain to feed its twenty three million people but it rarely produces enough

rights advocacy has become a prominent facet of south korea s increasingly transnational motion picture output especially following the 1998 presidential inauguration of kim dae jung a former political prisoner and victim of human rights abuses who received the nobel peace prize in 2000 today it is not unusual to see a big budget production about the pursuit of social justice or the protection of civil liberties contending for the top spot at the box office with that cultural shift has come a diversification of film subjects which range from undocumented workers rights to the sexual harassment experienced by women to high school bullying to the struggles among people with disabilities to gain inclusion within a society that has transformed significantly since winning democratic freedoms three decades ago combining in depth textual analyses of films such as bleak night okja planet of snail repatriation and silenced with broader historical contextualization movie minorities offers the first english language study of south korean cinema s role in helping to galvanize activist social

movements across several identity based categories
