letters to octavia is the creative exploration of poetry exploring the lust driven passions that lead to betrayal jealousy and revenge the greatest tragedy is that of unrequited love and the addictive emotions that drive people to a crossroad where they must choose the pathway to madness or the loving heart song of forgiveness

excerpt from life of octavia hill as told in her letters on realising this fact she expressed a strong wish that the family should keep the details of such a memoir in their own hands and she afterwards made a special request that the final decision as to what should be published and what suppressed should rest with me it will therefore be understood that i am rather the editor than the author of this book the most important part of this memoir will be found in the letters and it is by my express wish that they are printed in larger type than the explanations which link them together but even those explanations are only in a limited sense my own work all i have done is to weave together statements made by my wife and her sisters a paper left by their mother and in the very early part the recollections of octavia s early playmate miss margaret howitt about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
