racing is a team sport everyone who races pretty much has the same car and the same equipment what sets us apart is our people we re stronger as a team than we are on our own ray evernham pit crew chief for champion racecar driver jeff gordon like automobile racing today s fast paced and high performance organizations run on talent and teamwork the field of organizational behavior is leading academic curricula in skills development and integrative thinking for 21st century career success organizational behavior 7th edition is designed to best meet this high performance standard fast ob fast that s the word that describes most accurately the work environment of today s high performance organizations understanding this environment and its implications is essential for anyone seeking career success in the 21st century the seventh edition of organizational behavior reflects the realities of the new workplace to better prepare students for the fast paced world of opportunity they will soon enter team up with fast company magazine this text features a learning partnership with fast company magazine one of the most talked about magazines in business the text itself includes the fast company collection a series of full text articles to enhance the already extensive selection of application oriented and skills

building resources available with the text is the new fast company handbook of the business revolution this fascinating supplement provides six insightful articles reprised from past issues of the magazine about the changing landscape of leadership work and careers these thought provoking articles are sure to challenge stimulate and inspire

this unique text thoroughly explores the topic of organizational behavior using a strengths based action oriented approach with a strong emphasis on creativity innovation and the global society by focusing on the interactions among individuals groups and organizations this text illustrates how organizational behavior topics fit together a unique set of pedagogical features challenge students to develop greater personal interpersonal and organizational skills in business environments as well as utilize their own strengths and the strengths of others to achieve organizational commitment and success

the book begins with a treatment of the role of science and the nature of theory and research a discussion of the early origins and history of organizational behavior follows this is the most comprehensive coverage of how organizational behavior emerged and grew it presents and evaluates the first generation theorists whose work began during the first 20 years the subject matter covered is motivation leadership and organizational decision making the institutional culture of organizational behavior is discussed and a vision for the future of the field is stated here the early history and the evidence from the theories are brought together in an effort to assess the identity of organizational behavior and where it might be headed

used by more than a million people throughout the world this highly readable book provides a comprehensive examination of the applied behavioral sciences and focuses on fundamental ideas which have stood the test of years of application in academic business not for profit and administrative environments complete coverage of motivation and behavior situational leadership building effective relationships planning and implementing change leadership strategies the organizational cone and integrating situational leadership with the classics for individuals interested in expanding their knowledge of and proficiency in leadership strategies

for undergraduate and graduate courses in organizational behavior help students better understand their behavioral and interpersonal skills long considered the standard for all organizational behavior textbooks organizational behavior provides the research you want in the language you can understand this text continues its tradition of making current relevant research come alive for readers the seventeenth edition has been thoroughly updated to reflect the most recent research and business events within the field of organizational behavior worldwide while maintaining its hallmark features clear writing style cutting edge content and intuitive pedagogy there s a reason why robbins s textbooks have educated millions of individuals and have been translated into twenty languages and it s because of a commitment that provides the kind of engaging cutting edge material that helps readers understand and connect with organizational behavior also available with mymanagementlabtm mymanagementlab is an online homework tutorial and assessment program designed to work with this text to engage students and improve results within its structured environment

students practice what they learn test their understanding and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts note you are purchasing a standalone product mymanagementlab does not come packaged with this content if you would like to purchase both the physical text and mymanagementlab search for 0134437861 9780134437866 organizational behavior plus mymanagementlab with pearson etext access card package package consists of 013410398x 9780134103983 organizational behavior 0134182189 9780134182186 mymanagementlab with pearson etext access card for organizational behavior

organizational behavior is designed to help students professionals managers develop competencies and skills that are needed to contribute most effectively to the organization this proven text's strengths lie in its classic research and coverage of contemporary topics it introduces and emphasizes five core competencies mobilizing innovation and change conceptualization creativity risk taking and visioning the full color format and pedagogy provide a framework for understanding behavior employed in organizations after reading this book students are properly prepared for what they will face in the real world

our goal with this 13th edition is to keep this first mainline organizational behavior text up to date with the latest and relevant theory building basic and applied research and the best practice applications we give special recognition of this scientific foundation by our subtitle an evidence based approach as emphasized in the introductory chapter the time has come to help narrow the theory research effective application practice gap this has been the mission from the beginning of this text as hard evidence for this theory research based text we can say unequivocally that no other organizational behavior text has close to the number of footnote references for example whereas a few texts may have up to 40 or even 50 references for a few chapters all the chapters of this text average more than twice that amount this edition continues the tradition by incorporating recent breakthrough research to provide and add to the evidence on the theories and techniques presented throughout two distinguishing features that no other organizational behavior textbook can claim are the following 1 we are committed at this stage of development of the field of ob to a comprehensive theoretical framework to structure our text instead of the typical potpourri of chapters and topics there is now the opportunity to have a sound conceptual framework to present our now credible evidence based body of knowledge we use the widely recognized very comprehensive social cognitive theory to structure this text we present the background and theory building of this framework in the introductory chapter and also provide a specific model figure 1 5 that fits in all 14 chapters importantly the logic of this conceptual framework requires two chapters not found in other texts and the rearrangement and combination of several others for example in the opening organizational context part there is chapter 4 reward systems and in the cognitive processes second part chapter 7 positive organizational behavior and psychological capital that no other text contains 2 the second unique feature reflects our continuing basic research program over the years chapter 7 contains our most recent work on what we have termed positive organizational behavior and psychological capital or psycap the three of us introduced the term psychological capital in our joint article in 2004 to meet the

inclusion criteria positive theory and research based valid measurement open to development and manage for performance improvement for the first time the topics of optimism hope happiness subjective well being resiliency emotional intelligence selfefficacy and our overall core construct of psychological capital have been given chapter status just as real world management can no longer afford to evolve slowly neither can the academic side of the field with the uncertain very turbulent environment most organizations face today drastically new ideas approaches and techniques are needed both in the practice of management and in the way we study and apply the field of organizational behavior this text mirrors these needed changes social cognitive conceptual framework the book contains 14 chapters in four major parts social cognitive theory explains organizational behavior in terms of both environmental contextual events and internal cognitive factors as well as the dynamics and outcomes of the organizational behavior itself thus part one provides the evidence based and organizational context for the study and application of organizational behavior

this text features the relevant topics in current organizational behavior such as tqm reengineering technology empowerment declining employee loyalty the myers briggs type indicator virtual and boundaryless organizations 360 degree performance appraisals diversity globalization and ethics the introduction condenses the essentials of the field into a tightly focused presentation with the use of examples this text covers work life balance group demography team effectiveness model flextime and telecommuting and e organizations as well as issues such as emotions trust work life balance workplace spirituality and knowledge management it integrates the themes of globalization diversity and ethics throughout the text rather than presenting them in stand alone chapters enhancing students understanding of the impact these issues have at each stage of the organizational behavior process it also considers the nature of employee recognition programs linking recognition programs and reinforcement theory employee recognition programs in practice

this book presents the solid foundations on which the science of organizational behavior was built and the realities and challenges faced in contemporary life in organizations the book s overarching theme of change is accompanied by four supporting subthemes globalization diversity technology and ethics the text gives learners the opportunity to meet these challenges by providing them with concepts ideas and theories back cover

monograph of selected readings in the behavioural sciences and social psychology on business organizations bureaucracy and management discusses attitudes and behaviour group dynamics and decision making human relations leadership motivation organization development occupational psychology management by objectives and the effects of the work environment on the individual diagrams flow charts graphs references and statistical tables

as scientists toil in the fields of their disciplines they rarely enjoy opportunities to step back from their work and evaluate where their efforts have taken them assessing a field s scientific progress however is critical if it is to have any hope of making meaningful advances

the time has come for a systematic self examination of the state of the field of organizational behavior where has it been where is it now and where is it going the present book poses these questions to raise the self consciousness of organizational scholars causing them to question the field s values and its worth as a scientific and practical endeavor such a critical self assessment of the state of organizational behavior is absolutely essential if the field is to prosper and make meaningful advances to behavioral science and to the welfare of individuals and society this volume is a collection of essays by the field s most highly regarded scholars experts who have contributed widely to the field and who were invited to share their thoughts about its past present and future by presenting their ideas about the state of organizational behavior the discipline as a whole is invited to engage in critical self reflection no other book serves this function

first published in 2003 routledge is an imprint of taylor francis an informa company
