

# Essentials Of Sociology Anthony Giddens

Essentials Of Sociology Anthony Giddens Essentials of Sociology Anthony Giddens Essentials of Sociology by Anthony Giddens is a comprehensive and engaging introduction to the field of sociology. This textbook, renowned for its clarity and accessibility, provides students with a foundational understanding of sociological concepts, theories, and research methods. Giddens' writing style is both lucid and thought-provoking, encouraging readers to critically analyze social phenomena and develop their own sociological perspectives.

**Sociology** Anthony Giddens **Social Theory** **Research Methods** **Social Structures** **Social Change** **Globalization** **Culture** **Social Inequality** **Power** **Identity** **Modernity** **Postmodernity**

Giddens' *Essentials of Sociology* delves into the fundamental principles of sociology, examining the intricate relationships between individuals and society. The book explores a wide array of sociological concepts, including:

- Social structures**: The patterned social arrangements that shape individual behavior and interaction.
- Social change**: The processes of transformation within societies, including technological advancements, cultural shifts, and political upheavals.
- Social inequality**: The uneven distribution of power resources and opportunities across different social groups.
- Culture**: The shared values, beliefs, norms, and practices that define a society.
- Power**: The ability of individuals or groups to influence others and achieve their goals.
- Identity**: The sense of self that individuals develop through their interactions with others and their social environment.

**Modernity**: The period of rapid social and technological change marked by industrialization, urbanization, and the rise of nation-states.

**Postmodernity**: The contemporary era characterized by globalization, technological advancements, and a decline in traditional social structures.

Giddens weaves together these concepts to illustrate the complexities of the modern world, exploring how social forces shape our lives and how we in turn shape society. The book also delves into contemporary issues such as globalization, the rise of social media, and the challenges of climate change, providing a framework for understanding these issues within a 2 sociological context.

**Conclusion**: *Essentials of Sociology* transcends the confines of a traditional textbook. It serves as a gateway to a deeper understanding of ourselves and our place in the world. By navigating the intricacies of social structures, power dynamics, and cultural forces, Giddens invites us to see beyond our individual experiences and engage critically with the social world. He encourages us to question our assumptions, challenge societal norms, and ultimately become more informed and engaged citizens in shaping a more just and equitable future.

**FAQs**

in this book anthony giddens addresses a range of issues concerning current developments in social theory relating them to the prospects for sociology in the closing decades of the twentieth century composed of closely integrated papers all written over the past few years the book includes seven essays not previously published plus two have not appeared in english before in assessing the likely future evolution of sociology in particular and the social sciences in general the author both draws upon ideas established in his more abstract theoretical writings and examines critically competing traditions of thought those looking for an accessible introduction to gidden s writing will find in this book a set of clear expositions of his basic ideas by situating these ideas in relation to the critical assessment of the views of others however the author provides new sources of insight into the distinctiveness of his own claims

from gender theories to the emergence of an underclass anthony giddens selection of contributions maintains a distinctive approach to sociology with its readable and lively style

social life is in a constant process of change and sociology cannot afford to stand still sociology today is theoretically diverse covers a huge range of subjects and draws on a broad array of research methods central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies though our understanding of these concepts is constantly evolving and changing this clear and jargon free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so going beyond brief dictionary style definitions anthony giddens and philip w sutton provide an extended discussion of each concept which sets it into historical and theoretical context explores its main meanings in use introduces some relevant criticisms and points readers to its ongoing development in contemporary research and theorizing organized in ten thematic sections the book offers a portrait of sociology through its essential concepts ranging from capitalism identity and deviance to citizenship the environment and intersectionality it will be essential reading for all those new to sociology as well as those seeking a reliable route map for a rapidly changing world

sociology a brief but critical introduction offers a lively discursive and jargon free introduction to sociology accessible to the lay reader as well as to the student it incorporates discussion of recent developments in both social theory and empirical social research developments to which giddens has directly contributed

now available in a discounted bundle buy the exciting new sixth edition of anthony giddens s sociology alongside the specially tailored and revised selection of key

sociological works in sociology introductory readings the main textbook provides an authoritative overview of recent global developments and new ideas in sociology classic debates are also given careful coverage with even the most complex ideas explained in an engaging way the reader offers a stimulating and wide ranging set of readings to enable students to get to grips with original sociological thinking a strong emphasis has been placed on creating a productive mixture of classic and contemporary readings which is highly readable and lively yet remains challenging together the two books provide an engaging and thorough introduction to the full scope of sociology a comprehensive resource for all students for additional support and material please visit the accompanying website at [politybooks.com/giddens6](http://politybooks.com/giddens6)

anthony giddens has been in the forefront of developments in social theory for the past decade in the constitution of society he outlines the distinctive position he has evolved during that period and offers a full statement of a major new perspective in social thought a synthesis and elaboration of ideas touched on in previous works but described here for the first time in an integrated and comprehensive form a particular feature is giddens s concern to connect abstract problems of theory to an interpretation of the nature of empirical method in the social sciences in presenting his own ideas giddens mounts a critical attack on some of the more orthodox sociological views the constitution of society is an invaluable reference book for all those concerned with the basic issues in contemporary social theory

anthony giddens is one of the most famous and influential sociologists of recent decades largely credited with the concept of the third way he continues to be a key advisor to tony blair and is generally presented as an exponent of liberalism and socialism this book provides a controversial introduction to giddens work covering the wide range of his writing from theory to self reflexivity modernity and politics placing them all within the illuminating framework of a historical context giddens writing has always embodied a political and ethical position one that has changed considerably over the years and is best understood through the social context in which it was written his work in the 1970s attempted to marry liberalism and socialism but following the collapse of communism in the 1990 east european revolutions his world view became liberal rather than socialist and his later work on reflexivity and the third way embodies this loyal explores how this world view accounts for many tensions and failures in giddens theory and that overall his work is fundamentally flawed

anthony giddens is one of the world s most prominent and prolific sociologists and yet he is also a difficult study for the beginning student of sociology this is the first introduction to the work of giddens including the major part of his sociological and social theoretical project the author traces giddens development from the late sixties to the nineties in a straightforward readable style covering all parts of giddens s sociology in a well arranged summary also featured is a lengthy interview with giddens by the author and the most comprehensive giddens bibliography to date

this new edition of a standard work used as a text throughout the world has been thoroughly re edited and revised in it giddens tells how he believes social theory should be constructed and conducted and offers a critique of schools of social thought that continues to occupy a place in contemporary debates

is there a future for sociology to many sociology seems to have lost its way born of the ideas of auguste comte in the nineteenth century sociology established itself as the science of modernity linked to a progressive view of history yet today the idea of progress has more or less collapsed with its demise some say sociological thought has moved to the margins of contemporary intellectual culture in this book the author challenges such an interpretation showing that sociology continues to hold a central position within the social sciences looking both to the past of sociology and the diversity of intellectual trends found in the present day giddens explores many aspects of the sociological heritage comte durkheim parsons marshall and habermas are among the figures covered giddens also connects sociological work directly to current political issues and places the discipline of sociology in the context of broad questions of social and political theory this book will be of interest to undergraduates and professionals in the fields of sociology anthropology and political science

this book is built upon a series of critical encounters with major figures in classical and present day social and political thought the volume offers not only a challenging critique of major traditions of social and political analysis but unique insights into the ideas which anthony giddens had developed over the past two decades

anthony giddens is widely recognized as one of the most important sociologists of the post war period this is the first full length work to examine giddens social theory it guides the reader through giddens early attempt to overcome the duality of structure and agency he saw this duality as a major failing of social theories of modernity his attempt to resolve the problem can be regarded as the key to the development of his brandmark structuration theory the book is the most complete and thorough assessment of giddens work currently available it incorporates insights from many different perspectives into his theory of structuration his work on the formation of cultural identities and the fate of the nation state this far reaching work also touches on issues such as the transformation of modern intimacy and sexuality and the fate of politics in late modern society

introduction to sociology sixth edition organizes the core concepts of modern sociology around the unifying theme of globalization taking a comparative approach the authors examine american society in a global and historical context underscoring the wide diversity of social forms and social change the authors emphasize the connections between american and world societies and the integral role of individuals in shaping both local and global society retaining the hallmark clarity of previous editions the sixth edition has been updated to reflect the most recent sociological research and data this edition also offers expanded in text pedagogy and exceptional print and multimedia resources for

students and instructors
