invested examines the perennial and nefarious appeal of financial advice manuals who hasn't wished for a surefire formula for riches and a ticket to the good life for three centuries investment advisers of all kinds legit and otherwise have guaranteed that they alone can illuminate the golden pathway to prosperity despite strong evidence to the contrary in fact too often they are singing a siren song of devastation and yet we keep listening invested tells the story of how the genre of investment advice developed and grew in the united kingdom and the united states from its origins in the eighteenth century through today as it saturates our world the authors analyze centuries of books tv shows blogs and more all promising techniques for amateur investors to master the ways of the market from thomas mortimer's pathbreaking 1761 work every man his own broker through the gilded age explosion of sensationalist investment manuals the early twentieth century emergence of a vernacular financial science and the more recent convergence of self help and personal finance invested asks why in the absence of evidence that such advice reliably works guides to the stock market have remained perennially popular the authors argue that the appeal of popular investment advice lies in its promise to level the playing field giving outsiders the privileged information of insiders as invested persuasively shows the fantasies sold by these writings are damaging and deceptive peddling unrealistic visions of easy profits and the certainty of success while trying to hide the fact that there is no formula for avoiding life's economic uncertainties and calamities
