the editors have gone beyond simply assembling a collection of readings by the leading scholars of sex and gender they introduce a new way to conceptualize the interrelationships between gender relations and other systems of inequality and difference the editors invoke the image of a prism through which different groups are seen not as distinct but in a continuous spectrum the prism approach illustrates the varied ways that gender is constructed relationally and thus experienced differently toward this end the editors draw from the most recent studies of women and men especially studies of gender relations in the context of different sexual racial ethnic social class physical abilities age and national citizenship contexts though the majority of articles in the book focus on issues in u s gender relations the editors have included numerous articles that focus on international and transnational factors together the articles in this book shed critical yet at times optimistic light on the possibilities for change

the performance prism takes a radically different look at performance measurement and sets out explicitly to identify how managers can use measurement data to

improve business performance
