using an approach that fosters critical thinking and values clarification this textbook examines the full range of professional issues facing contemporary nursing coverage includes critical issues such as the nursing shortage mandatory staffing ratios violence in nursing legal and ethical issues plus the latest hipaa regulations career advancement and evaluations and best practices for today and the future this edition includes two new chapters 1 a new chapter on developing effective leaders to meet 21st century healthcare challenges and 2 a new chapter on the use of residencies for new graduate nurses as a transition to practice in addition to these exciting additions content has been updated throughout the book to reflect cutting edge trends in healthcare including the impact of healthcare reform and recommendations from the institute of medicine iom this edition promises to be an integral tool to providing effective nursing care in an increasingly global rapidly changing technology driven world

this book provides an overview of the core professional issues in the field of child and youth care practice the author explores themes ranging from relationships and the exploration of self to career building and field specific approaches to management the book is written from a pragmatic perspective and serves both to advance current thinking in the field about professional issues as well as to provide the student of child and youth care practice and practitioners with practical and accessible approaches to developing a strong and sustainable professional identity all of the themes in this book are explored within a context of ethical decision making and practice approaches informed by a commitment to children s rights and empowerment throughout the discussions concepts and themes are considered in relation to four specific lenses the power lens the diversity lens the language lens and the transitioning from theory to practice lens these lenses serve to ensure that the reader adopts a critical understanding of the professional issues in the field and is able to develop his or her own professional identity while mitigating the power and identity issues necessarily associated with being a practitioner in a helping profession this book was published as a special issue of child and youth services

professional issues in clinical psychology developing a professional identity through training and beyond offers insights from a range of trainee recently qualified and experienced clinical psychologists as they reflect on the process of developing their professional identity through consideration of dilemmas and issues they experienced through clinical psychology training reflecting the breadth of the profession and the range of services in which clinical psychologists work the chapters highlight the different types of roles that clinical psychologists are expected to undertake throughout training and post qualification the book provides practical clinical recommendations that can be applied in work settings in line with contemporary research policy and guidance as well as personal reflections from the authors on how managing professional issues has shaped their practice as a developing clinical psychologist developing a professional identity as a clinical psychologist is vital in learning to navigate these challenges the process by which a professional identity develops is an individual journey however professional issues in clinical psychology offers aspiring trainee or qualified clinical psychologists and other healthcare professionals with a contemporary resource around professional issues which might be encountered within clinical psychology practice

nowadays software engineers not only have to worry about the technical knowledge needed to do their job but they are increasingly having to know about the legal professional and commercial context in which they must work with the explosion of the internet and major changes to the field with the introduction of the new data protection act and the legal status of software engineers it is now essential that they have an appreciation of a wide variety of issues outside the technical equally valuable to both students and practitioners it brings together the expertise and experience of leading academics in software engineering law industrial relations and health and safety explaining the central principles and issues in each field and shows how they apply to software engineering

ethics and professional issues in couple and family therapy second edition builds upon the strong foundations of the first edition this new edition addresses the 2015 aamft code of ethics as well as other professional organizations codes of ethics and includes three new chapters one on in home family therapy a common method of providing therapy to clients particularly those involved with child protective services one chapter on hipaa and hitech regulations that practicing therapists need to know and one chapter on professional issues in which topics such as advertising professional identity supervision and research ethics are addressed this book is intended as a training text for students studying to be marriage and family

therapists

this book provides comprehensive coverage of the issues critical to professional practice in communication sciences the text is multi contributed and each chapter is written by a leading expert in the field this is the most up to date text on the market and it provides in depth coverage of the recently updated 2005 standards of clinical competence the text is clearly organized and highly approachable for readers and it provides a number of excellent pedagogical features such as case studies tables and decision trees to help reinforce the material

aiming to provide readers with basic information about the practical aspects of clinical service this book also covers current professional issues and the role of psychological associations in their professional development the text integrates practical and professional issues important to beginning professionals in psychological service settings and enhances practical information with case studies so that a real world view is conveyed legal and ethical issues are also introduced

for courses on ethical professional and legal issues in counseling and psychology departments this ethics text focuses on counseling and counseling psychology in a format that serves beginning students provides a useful format and structure for professors teaching ethics courses and inspires critical thought about ethical issues through case scenarios reprints of many codes of ethics and narrative information this book not only functions as an introduction to professional counseling and counseling ethics but it also serves as a compendium of contemporary ethical codes and issues

updated to include the new aca code of ethics this comprehensive volume from two leading scholars offers an in depth examination of professional issues in counseling from both an ethical and legal point of view difficult issues are address in a straightforward manner and practical realistic advice is proffered through vignettes that showcae typical situations and dilemmas faced by practicing counselors unique in depth coverage of legal issues as well as ethics the only text written by both a lawyer and an expert in ethics all issues in the text are examined from both a legal and an ethical perspective see pages 78 96 108 116 and 121 122 for a few examples of the book s coverage of the law integrated coverage of the ethical and legal issues involved in working with diverse clients the text contains a separate multicultural chapter chapter 3 as well as integrated

coverage of diversity in every chapter see the detailed table of contents for the diversity considerations section in each chapter accompanying video vignettes an interactive cd rom containing twenty video cases that present realistic counseling challenges involving a variety of clients in numerous and varied settings can be ordered as an adjunct to the text the cd scaffolds users in the analysis of each of these ethical dilemmas and then provides the user with feedback to their analysis gives prospective counselors a bona fide feel for the actual counseling session facilitates students reflection and provides practice in ethical decision making

much has changed in warfare in recent years with america now dominant on the international scene and terrorism the new enemy in light of these changes the need for moral grounding in military actions is a more pressing concern than ever when it was originally published moral issues in military decision making reflected the concerns posed by nuclear stalemate and the lessons of vietnam in that highly praised work anthony hartle outlined the essential elements of the professional military ethic created for american military forces in this new edition he reexamines the moral foundations for america s military leadership in the post 9 11 era considering world affairs since the first edition the gulf war bosnia afghanistan iraq 9 11 and the emergence of the united states as an unrivaled military power hartle explains how these events have raised ethical issues that differ dramatically from those of the cold war by the war on terrorism homeland defense asymmetric warfare the proliferation of american military interventions and the un s role in peacekeeping operations using meticulously analyzed case studies twice as many as in the first edition he considers such moral dilemmas as torture challenging superior officers use of overwhelming force and responding to fire in the presence of civilian shields in this revision hartle examines further the status of professional military ethics in light of current affairs changes in the articulation of military values and recent research in a new chapter on human rights he relates moral principles directly to values embedded in the constitution and argues that overwhelming american military power cannot succeed unless it is accompanied by the moral force of the values it seeks to protect difficulties of applying conventional laws of war and human rights doctrine in military operations hartle convincingly shows that national security is as much about the preservation of moral principles as it is about the protection of america s citizens and borders his book demonstrates that the american military must continue to observe those principles in order to be effective in its primary mission

the aim of this book is to examine some of the theoretical issues surrounding the code of professional conduct and to explore some of its implications theories have been drawn from a wide range of disciplines

moral philosophy ethics psychology sociology education and nursing in order to widen the debate each chapter of the book examines one statement from the code and explores the concepts and problems that may relate to that statement the breadth of debate is also influenced by the perceptions of the authors which in many ways are very different male and female married and single sociology and psychology general nursing and psychiatry christian and undecided however what they have in common is that both are nurses and both are deeply concerned with the standards of care offered to the public and to the development of the professional

midwives are accountable to the public patients their employers and the profession it is essential that student midwives have a clear understanding of the legal and professional dilemmas they face in the course of their career and how to address those dilemmas in order to practise effectively this book is an essential resource for student midwives developing their knowledge and understanding of the requirements for safe practice it provides a clear introduction to the subject with activities and case studies throughout to illustrate key principles and apply the law in context
