this concise text offers a clear introduction to the major philosophical theories of morality explaining why each theory has been accepted by some thinkers but rejected by others

this concise text offers a clear introduction to the major philosophical theories of morality explaining why each theory has been accepted by some thinkers but rejected by others

originally published in 1985 this book establishes that moral discourse is critical rational and objective and challenges the ideology of value irrationalism behind contemporary liberalism the book discusses the origins of the fact value distinction and calls into question the thesis that logical derivability or strict implication is the only legitimate relationship between propositions a straightforward philosophical treatment of the subject in the analytical tradition it will be especially useful for undergraduate students

firmly established as the standard text for undergraduate courses in ethics this concise lively book combines clear explanations of the main theories of ethics with discussions of interesting examples topics covered include famine relief homosexuality and the treatment of animals the text s versatility allows it to be widely used not only in ethical theory courses but also in applied ethics courses of all kinds

in this classic work of philosophy joseph haven explores the nature of morality and ethics he examines the major philosophical schools of thought on the subject including deontology consequentialism and virtue ethics and offers his own compelling arguments written with clarity and insight this book remains a foundational text on the subject this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

from respected philosopher and writer jonathan wolff this brief introduction to ethics stimulates independent thought emphasizes real world examples and provides clear and engaging introductions to key moral theories and the thinkers behind them the new second edition offers expanded coverage of moral reasoning as well as two thoughtful and contemporary new chapters on applying moral philosophy and the ethics of race a companion primary source collection readings in moral philosophy amplifies issues discussed in the text connecting them to problems in applied ethics

in moral philosophy ethics deontology and natural law joseph rickaby presents a comprehensive examination of the fundamental principles of moral philosophy weaving intricate discussions on ethics the intricacies of

deontological ethics and the natural law tradition his prose elegantly balances accessibility with scholarly rigor making complex philosophical themes relatable set against the backdrop of the late 19th century intellectual discourse rickaby draws upon the works of prominent figures such as aquinas and kant to explore the intersections of moral duty and human agency offering readers a rich tapestry of ideas that resonate with contemporary ethical dilemmas joseph rickaby a jesuit priest and philosopher was profoundly influenced by both his religious background and the pressing moral questions of his time his academic work was characterized by a synthesis of faith and reason which shaped his approach to moral philosophy this context combined with his role as a lecturer at various institutions enabled him to engage deeply with the philosophical challenges of his era ultimately leading to the creation of this essential text that reflects both a personal and a universal quest for understanding human morality i highly recommend moral philosophy ethics deontology and natural law to scholars and students of philosophy alike as well as anyone interested in the moral frameworks that govern human behavior rickaby s insights encourage readers to reflect on their ethical beliefs and the philosophical principles that underlie them making this book an indispensable resource for those seeking to navigate the complex moral landscape of the modern world in this enriched edition we have carefully created added value for your reading experience hand picked memorable quotes shine a spotlight on moments of literary brilliance interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

this accessible overview of classical and modern moral theory with short readings provides comprehensive coverage of ethics and unique coverage of rights justice liberty and law real life cases introduce each chapter while the book s content is theoretical rather than applied ethics beauchamp consistently applies the theories to practical moral problems aristotle hume kant and mill are at the book s core and they are placed in the context of moral philosophical controversies of the last 30 years in this edition one third of the reading selections are new and all the selections in chapter 8 on rights are new chapter 7 on hume has been heavily reshaped chapter 1 has been reduced to get students past introductory material and into the philosophers

excerpt from the philosophy of the active and moral powers of man vol 1 to which is prefixed part second of the outlines of moral philosophy with many new and important additions it may be also noticed that of the second part of the out lines of moral philosophy the first and second chapters now correspond to the first and second volumes of the philosophy of the active and moral powers the works are thus brought into a clear and complete correlation the two chapters of the one severally referring to the two volumes of the other new matter is as previously marked by its enclosure within square brackets this

distinction may however have sometimes been neglected besides what is expressly discriminated as by the editor foot notes not designated by numerals are his his also are all more articulate references and all short and merely expository interpolations whether in text or title changes only of arrangement are not discriminated neither are the new arguments of the excursive notes nor simple alterations of correction or supplement to this work as to the others about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

part of the century series each book reviews and summarises the key developments in a particular branch of religious studies during the past century this book is about something we all do it is about making moral judgements how do we know what is right and what is the connection between making moral judgements and what people do in a clear and compelling fashion dr hudson describes how moral philosophers for the last hundred years have been wrestling with these issues often coming back to the place where they started but always trying to define the questions more clearly in the hope that they will eventually answer themselves besides guiding us skilfully through the labyrinths of modern scholarship he also presents the issues in such a way as to help us to think through the problems again for ourselves

moral dilemmas is the second volume of collected essays by the eminent moral philosopher philippa foot it fills the gap between her famous 1978 collection virtues and vices now reissued and her acclaimed monograph natural goodness published in 2001 moral dilemmas presents the best of professor foot s work from the late 1970s to the 1990s in these essays she develops further her influential critique of the non cognitivist approaches that have dominated moral philosophy over the last fifty years she shows why it is a mistake to think of morality in terms of special psychological states expressed in special kinds of judgement and a special moral kind of language instead she portrays thoughts about the goodness of human will and action as a particular case of the evaluation of other operations of human beings and indeed of all living things among other topics she discusses the nature of moral judgement practical rationality and the conflict of virtue with desire and self interest moral dilemmas alongside professor foot s other two books completes the summation of her distinctive and lasting contribution to twentieth century moral philosophy
