based on rare firsthand historical data wang ke presents the analysis of the east turkestan from the perspective of islamic social structure the origin and evolution of thoughts on national revolution the power structure of the republic and international politics the original japanese edition of this book has been recognized as the most authoritative research work on the independence movement of east turkestan this revised enriched english edition provides valuable references for the prominent issues of xinjiang today for those intrigued by the modern history of china's xinjiang region this detailed study of the 1940s invites the reader to explore a tempestuous decade marked by conflict and turmoil as uyghurs kazakhs and other ethnic groups sought to form an independent state the east turkestan republic understanding the complex involvement of powerful outside forces a brutal world war and an opportunity for groups that saw a chance at independence requires careful examination and professor wang's book does an admirable job in doing so his exceptionally well-written book offers numerous insights many based on materials that range from diaries and documents to memoirs and personal interviews altogether wang's recently translated account strengthens our understanding of xinjiang's mid-20th century conundrum linda benson professor emerita oakland university

since antiquity the vast central eurasian region of xinjiang or eastern turkestan has stood at the crossroads of china india the middle east and europe playing a pivotal role in the social cultural and political histories of asia and the world today it comprises one sixth of the territory of the people's republic of china and borders india pakistan afghanistan tajikistan kyrgyzstan kazakhstan russia and mongolia *eurasian crossroads* is an engaging and comprehensive account of xinjiang's history and people from earliest times to the present day drawing on primary sources in several asian and european languages james a millward surveys xinjiang's rich environmental and cultural heritage as well as its historical and contemporary geopolitical significance xinjiang was once the hub of the silk road and the conduit through which buddhism christianity and islam entered china it was also a fulcrum where sinic steppe nomadic tibetan and islamic imperial realms engaged and struggled in the twentieth and twenty-first centuries the han-dominated chinese communist party has failed to include xinjiang's diverse indigenous central asian peoples its nationalistic visions have spurred domestic troubles that now affect the prc's foreign affairs and global ambitions this revised and updated edition features new empirically grounded and balanced analysis of the latest developments in the region focusing on the circumstances of the uyghurs kazakhs and other xinjiang peoples in the face of policies implemented by the chinese communist party

central asia and xinjiang the far northwestern province of china are of increasing international importance this book provides a comprehensive overview of the region's significance historically of the contemporary international forces which affect the region and of current

political economic and cultural developments

xinjiang named in 1759 by emperor qianlong 1711 1799 of the manchu led qing dynasty of china was ruled by the qing from the final phase of the dzungar qing wars when the dzungar khanate was conquered and lasted until the fall of the imperial dynasty in 1912 based on rare ancient maps and historical archives the book tells stories of xinjiang during the qing it involves emperor qianlong fragrant concubine xiangfei uyghur concubine married with emperor qianlong lady catherine the wife of the british consul general in kashgar at the end of the 19th century and lived in xinjiang for nearly two decades swedish missionaries persisted in spreading christianity for 38 years among uyghurs who believed in islam guan gong temples the belief in lord guan a religious tradition of the han and manchus and so on

as analysis of the revenue available to qing garrisons in xinjiang reveals imperial control over the region in the eighteenth and nineteenth centuries depended upon sizeable yearly subsidies from china in an effort to satisfy criticism of their expansion into xinjiang and make the territory pay for itself the qing court permitted local authorities great latitude in fiscal matters and encouraged the presence of han and chinese muslim merchants at the same time the court recognized the potential for unrest posed by chinese mercantile penetration of this muslim turkic speaking area they consequently attempted through administrative and legal means to defend the native uyghur population against economic depredation this ethnic policy reflected a conception of the realm that was not sinocentric but rather placed the uyghur on a par with han chinese both this ethnic policy and xinjiang s place in the realm shifted following a series of invasions from western turkestan starting in the 1820 s because of the economic importance of chinese merchants and the efficacy of merchant militia in xinjiang the qing court revised its policies in their favor for the first time allowing permanent han settlement in the area at the same time the court began to advocate provincehood and the sinicization of xinjiang as a resolution to the perennial security problem these shifts the author argues marked the beginning of a reconception of china to include inner asian lands and peoples a notion that would by the twentieth century become a deeply held tenet of chinese nationalism

eastern turkestan now known as xinjiang or the new territory makes up a sixth of china s land mass absorbed by the qing in the 1880s and reconquered by mao in 1949 this turkic muslim region of china s remote northwest borders on formerly soviet central asia afghanistan kashmir mongolia and tibet will xinjiang participate in twenty first century ascendancy or will nascent islamic radicalism in xinjiang expand the orbit of instability in a dangerous part of the world this comprehensive survey of contemporary xinjiang is the result of a major collaborative research project begun in 1998 the authors have combined their fieldwork experience linguistic skills and disciplinary expertise to assemble the first multifaceted introduction to xinjiang the volume surveys the region s geography its history of military and political subjugation to china economic social and commercial conditions demography public health and ecology and patterns of adaption resistance opposition and evolving identities

this balanced history of xinjiang and its uyghur inhabitants traces the development of this ethnic group from imperial china to the present and its fraught relationship with the chinese state

morris rossabi focuses especially on ccp policies both progressive and repressive toward the uygurs since 1949

china is the world's second largest economy and a key player in world politics this book looks at china's foreign policy from a macro perspective it analyses china's peripheral and regional policy as well as its relations with other major powers india and russia it offers insight into the historical security concerns of china and the linkages of internal domestic issues with external diplomacy which reshape its relations with neighbouring countries the volume also examines president xi jinping's foreign policy orientations and aspirations for future in face of growing global concern on china's hegemonic ambitions in the region the book gauges the tensions between china and japan in the south china sea as well as the apprehensions of several smaller asian countries that may perceive china's strategic and geo economic advantages and military strength as a threat this book will be useful to scholars and researchers of china studies politics foreign policy international relations military and strategic studies defence and security studies area studies and political studies

volume ii presents an account of various population movements and cultural exchanges in central asia between 700 b c and 250 a d important nomadic tribal cultures such as the kushans emerged during this period contacts between the mediterranean and the indus valley were reinforced by the campaigns of alexander the great and under his successors the progressive syncretism between zoroastrianism greek religion and buddhism gave rise to a new civilization instituted by the parthians known for its artistic creations under kushan rule central asia became the crossroads of a prosperous trade between the mediterranean and china along the silk route

china is a site for the evolution not only of chinese nationalism but the nationalism of various non han ethnic groups during the 20th century these ethnic groups constructed and expressed their own identities and nationalism through interaction with one another and with outside influences this interdisciplinary anthology contains nine original works that pluralize our understanding of nationalism in china by illustrating the various intellectual strains of china's nationalist discourse the dichotomy between the political authorities and grass roots experiences and the nationalizing efforts by various ethnic and political groups along china's inland and maritime frontiers first contributors explore the controversy surrounding the contested issue of china's national and international identity from pre modern times to the present next the authors examine china's nationalist encounters with foreign influences such as u s marines in shandong soviet experts in manchuria and recent friction between the united states and the prc finally essays expand beyond the ethnographic regions of the han chinese and the political domain of the prc to discuss the odyssey of taiwan's nationalism in both a political and a cultural sense many selections are based on newly declassified archival materials

in historical matters concerning xinjiang the state council information office of the people's republic of china delivers a comprehensive examination of the sociopolitical dynamics and historical evolution of the xinjiang region through a meticulous blend of historical narrative and state sponsored discourse the text interrogates themes of ethnic identity cultural heritage and territorial sovereignty all while employing a formal academic style enriched with empirical data

the work aims to contextualize xinjiang within broader narratives of national unity and development providing readers with a significant lens through which to view contemporary issues surrounding the region s governance and policy making as a governmental body the state council information office serves as a key instrument for disseminating official narratives and perspectives in china the authorship of the book reflects a driven purpose to clarify misconceptions surrounding xinjiang particularly in the wake of international scrutiny by centering discussions around historical injustices population management and cultural integration the office seeks to construct a narrative that upholds the chinese state s political and ideological framework highlighting its commitment to regional stability and prosperity this book is essential for scholars policymakers and those interested in contemporary chinese history and politics readers will find it not only a vital resource for understanding governmental perspectives on xinjiang but also a lens through which to navigate the complex interplay of local national and global narratives affecting this strategically important region
