this clearly written and engrossing book presents a global narrative of the origins of the

modern world from 1400 to the present unlike most studies which assume that the rise of the west is the story of the coming of the modern world this history drawing upon new scholarship on asia africa and the new world and upon the maturing field of environmental history constructs a story in which those parts of the world play major roles including their impacts on the environment robert b marks defines the modern world as one marked by industry the nation state interstate warfare a large and growing gap between the wealthiest and poorest parts of the world increasing inequality within the wealthiest industrialized countries and an escape from the environmental constraints of the biological old regime he explains its origins by emphasizing contingencies such as the conquest of the new world the broad comparability of the most advanced regions in china india and europe the reasons why england was able to escape from common ecological constraints facing all of those regions by the end of the eighteenth century a conjuncture of human and natural forces that solidified a gap between the industrialized and non industrialized parts of the world the mounting environmental crisis that defines the modern world and the ways in which the forces of globalization stress the economic and political underpinnings of the modern world now in a new edition that brings the saga of the modern world to the present in an environmental context the book considers how and why the united states emerged as a world power in the twentieth century and became the sole superpower by the twenty first century and why the changed relationship of humans to the environmental likely will be the hallmark of the modern era the anthropocene once again arguing that the us rise to global hegemon was contingent not inevitable marks also points to the resurgence of asia and the vastly changed relationship of humans to the environment that may in the long run overshadow any political and economic milestones of the past hundred years

this clearly written and engrossing book presents a global narrative of the origins of the modern world unlike most studies which assume that the rise of the west is the story of the coming of the modern world this history drawing upon new scholarship on asia africa and the new world constructs a story in which those parts of the world play major roles robert b marks defines the modern world as one marked by industry the nation state interstate warfare a large and growing gap between the wealthiest and poorest parts of the world and an escape from the biological old regime he explains its origins by emphasizing contingencies such as the conquest of the new world the broad comparability of the most advanced regions in china india and europe the reasons why england was able to escape

from common ecological constraints facing all of those regions by the 18th century and a conjuncture of human and natural forces that solidified a gap between the industrialized and non industrialized parts of the world view an online study guide for this book

the sequel and companion volume to *Cambridge's* ground breaking *The Birth of the Modern World 1780-1914* this wide ranging and sophisticated study explores global history since the first world war offering a coherent comparative overview of developments in politics economics and society at large written by one of the leading historians of his generation an early intellectual leader in the study of world history weaves a clear narrative history that explores the themes of politics economics social cultural and intellectual life throughout the long twentieth century identifies the themes of state capital and communication as key drivers of change on a global scale in the last century and explores the impact of those ideas interrogates whether warfare was really the pre eminent driving force of twentieth century history and what other ideas shaped the course of history in this period explores the causes behind the resurgence of local conflict rather than global scale conflict in the years since the turn of the millennium delves into the narrative of inequality a story that has shaped and been shaped by the events of the last hundred years part of the blackwell history of the world series the goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world it will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time the volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change each provides a systematic account of a very large subject but they are also both imaginative and interpretative the series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production

how did the modern world get to be the way it is how did we come to live in a globalized industrialized capitalistic set of nation states moving beyond eurocentric explanations and histories that revolve around the rise of the west distinguished historian robert b marks explores the roles of asia africa and the new world in the global story he defines the modern world as marked by industry the nation state interstate warfare a large and growing gap between the wealthiest and poorest parts of the world and an escape from environmental

constraints bringing the saga to the present marks considers how and why the united states emerged as a world power in the 20th century and the sole superpower by the 21st century the powerful resurgence of asia and the vastly changed relationship of humans to the environment

this book traces in a lucid manner the history of the modern period from the seven years war in europe to the formation of the united nations organization the period in between witnessed the american war of independence as well as the civil war the epochal french revolution the two phases of the industrial revolution the birth of capitalism socialism and marxism the orientation of china and japan and the two great wars the author has deftly maintained the sequence of the events as no event in history can stand in isolation

it is no longer news that the western world is in a crisis a crisis that has spread far beyond its point of origin and become global in nature in 1927 ren gu non responded to this crisis with the closest thing he ever wrote to a manifesto and call to action the crisis of the modern world was his most direct and complete application of traditional metaphysical principles particularly that of the age of darkness preceding the end of the present world to social criticism surpassed only by the reign of quantity and the signs of the times his magnum opus in the present work gu non ruthlessly exposes the western deviation its loss of tradition its exaltation of action over knowledge its rampant individualism and general social chaos his response to these conditions was not activist however but purely intellectual envisioning the coming together of western intellectual leaders capable under favorable circumstances of returning the west to its traditional roots most likely via the catholic church or under less favorable ones of at least preserving the seeds of tradition for the time to come

basing his discussions on everyday life in france lefebvre shows the degree to which our lived in world and our sense of it are shaped by decisions about which we know little and in which we do not participate he evaluates the achievements and shortcomings of applying various philosophical perspectives such as marxism and structuralism to daily life studies the impact of consumerism on society and looks at the effects on society of linguistic phenomena and terrorism communicated through mass media copyright libri gmbh all rights reserved

basing his discussion on everyday life in france lefebvre shows the degree to which our lived

in world and sense of it are shaped by decisions about which we know little and in which we do not participate

this collection explores the importance of regionalization and globalization to the world economy particularly questioning whether the world economy is characterized by increasing regionalization rather than globalization international contributors explore the processes in the pacific area the americas africa and europe and make an important contribution to current debates in development economics

first published in 1963 the book pilgrim in the modern world tries to answer fundamental questions like does the christian faith meet intellectual moral and spiritual needs of the contemporary situation or it is like the irreducible surd in a mathematical problem present as a fact but to be ignored in use I j baggott has had a long experience in the ministry of the church of england from work in the slums to that of abbey minster and cathedral from a chaplaincy of the tower of london to the vicariate of large industrial parishes from a visiting lectureship to the parochial tasks peculiar to four great seaports from the supervision of ordinands to the archdeaconship of a hundred peaceful norfolk villages throughout it has become increasingly clear that man is indeed the eternal pilgrim of the infinite christianity is an historical religion of which redemption of man is the central and ruling thought for twentieth century man his pilgrimage is set in most challenging era that man has ever known a scientific era and a temporal order in which his most important problems take their rise and shape his life in the light of new knowledge and discovery the book offers what the author believes the only valid and satisfying answer to the question of relevancy of the christian faith for modern times this is a must read for scholars of religion and christianity

this thematic history of the world from 1780 to the onset of the first world war reveals that the world was far more globalised at this time than is commonly thought explores previously neglected sets of connections in world history reveals that the world was far more globalised even at the beginning of this period than is commonly thought sketches the ripple effects of world crises such as the european revolutions and the american civil war shows how events in asia africa and south america impacted on the world as a whole considers the great themes of the nineteenth century world including the rise of the modern state industrialisation and liberalism challenges and complements the regional and national approaches which have traditionally dominated history teaching and writing

alfred north whitehead s science and the modern world originally published in 1925 redefines the concept of modern science taking readers through the history of modern science whitehead shows how cultural history has affected science over the ages in relation to such major intellectual themes as romanticism relativity quantum theory religion and movements for social progress

a history of the modern world an outline is an introductory text that provides a well rounded historical account of the processes of the modern world ranging from the french revolution and napoleon to the cold war the work assesses major moments and transitions in european and world history such as the enlightenment the industrial revolution the american civil war and the world wars of the twentieth century one of the primary objectives of this book is to understand how revolutions wars dictatorships and empires have led to long term experiments with nationalism democracy liberalism human rights socialism sustainable development and global peace this book will be of use to school and university students competitive examinees and general readers who require a clear and concise delineation of modern world history

the tenth edition of a history of the modern world remains one of the most highly praised history texts ever published the new edition reflects the authors continuing search for historical perspectives on complex events of our age guided by the assumption that the events cultures and conflicts of the contemporary world are always rooted in long evolving processes of historical change book jacket
