in what promises to become an omnivore's dilemma for dog lovers breed devotees and adoption advocates alike the dog merchants is the first book to explain the complex and often surprisingly similar business practices that extend from the american kennel club to local shelters from westminster champions to dog auctions without judging dog lovers of any stripe the dog merchants makes it clear that money spent among these dog merchants has real world effects on people and canines kavin reveals how dog merchants create markets for dogs often in defiance of the usual rules of supply and

demand she takes an investigative approach and meets breeders and rescuers at all levels shedding much needed light on an industry that most people don't even realize is an industry kavin's goal is to advance the conversation about how all dogs are treated from puppy mills to high kill shelters she shows that a great deal can be improved by understanding the business practices behind selling dogs of all kinds instead of pitting rescue and purebred people against each other the dog merchants shows how all dog lovers can come together with one voice as consumers on behalf of all our beloved companions

military dogs of world war ii examines a heartwarming but serious topic and reminds senior leaders and servicemembers of all ranks of the critical contributions made by every level of the force it is an illuminating quick read on an often overlooked and ongoing part of the overall military effort parameters animals especially dogs have served in all the wars of men since time immemorial during world war ii most combatant nations employed dogs on the battlefield in a number of ways including searching for injured men or downed airmen detecting mines carrying messages between units or dragging communications wires particularly in difficult terrain transporting supplies and sentry duty this illustrated book is an overview of how dogs were trained and used in wwii by different countries including the stories of some of the individual animals that served it also summarizes the various programs established to take care of the animals and send them home after the war

interest in canine massage and physical therapy has grown as greater emphasis is placed on the general fitness and agility of dogs as pets and as sporting animals in this book the authors are concerned with the prevention management and treatment of movement and allied disorders it encompasses detailed assessments treatment programmes that involve

over 350 breeds discussed in this most complete and practical guide to dogs and their world covers breeds daily care characteristics advice on obtaining a dog lots more 150 color photographs 200 black and white special charts and diagrams
