by kelly bouas henry missouri western state college and douglas a bernstein the study guide employs numerous techniques to help students learn each chapter including the optional industrial organizational psychology chapter contains a detailed outline a key terms section that presents fresh examples and learning aids plus a fill in the blank test learning objectives a concepts and exercises section that shows students how to apply their knowledge of psychology to everyday issues and concerns a critical thinking exercise and personal learning activities in addition each chapter concludes with a two part self quiz consisting of 40 multiple choice questions an answer key tells the student not only which response is correct but also why each of the other choices is wrong and quiz analysis tables enable students to track patterns to their wrong answers either by topic or by type of question definition comprehension or application

includes music

psychology third edition builds upon the experience and reputations of phil zimbardo and ann weber with the addition of a new co author bob johnson who has a wealth of teaching experience at the community college level this briefer less expensive book presents psychology in a meaningful manageable format that focuses on the key questions and core concepts of psychology introductory psychology covers such a wide range of topics and issues that it becomes difficult for readers to see the forest for the trees to make key psychological concepts more meaningful the authors found inspiration in a classic chess study this study showed that experts did no better than novices at remembering the location of pieces on a chess board when they were placed randomly only when the patterns represented actual game situations did they make sense and therefore become more easily memorable for the experts clearly meaningful patterns are easier to remember and understand than random

arrangements and psychology applies this by presenting the field of psychology in meaningful patterns to enhance comprehension these concepts are then applied to readers own lives study skills and the world around them finally psychology integrates a cross cultural and multicultural perspective to make psychology meaningful for everyone for anyone interested in introductory psychology

provides students with a tool for self study and can be used with any zoology text
