an applied book that combines behavior theory with business practice each unit teaches central concepts and skills in an important area of leadership development

many people think leadership is a higher calling that resides exclusively with a select few who practice and preach big complex leadership philosophies but as this practical book reveals what s most important for leadership is principled consistency time and again small things

done well build trust and respect within a team using stories from his time at netscape apple and slack michael lopp presents a series of small but compelling practices to help you build leadership skills you ll learn how to create teams that are highly productive highly respected and highly trusted lopp has been speaking and writing about this topic for over a decade and now maintains a slack leadership channel with over 13 000 members the essays in this book examine the practical skills lopp learned from exceptional leaders as a manager at netscape a senior manager and director at apple and an executive at slack you ll learn how to apply these lessons to your own experience

this is the best book on leadership up to the present it has a commendable absence of the inspirational autobiographical discussion and gives a systematic presentation of problems confronting those who are interested in becoming leaders or developing leaders among their subordinates

build trust inspire action and lead with clarity confidence and care leadership is not about commands or control it s about serving inspiring and empowering others to achieve a shared vision early in my career i thought leadership meant having all the answers directing every move and ensuring nothing went wrong but it wasn t until i embraced the art of trust collaboration and strategic action that i truly unlocked my potential as a leader and helped my team thrive if you ve ever felt the pressure of leadership without knowing how to navigate it with clarity and confidence the subtle art of leadership is your ultimate guide what if a single book could give you the tools to inspire action foster trust and build a team that thrives under your leadership you don t need decades of experience just a willingness to shift your perspective and embrace small strategic moves that make a big difference don t let doubt hold you back from becoming the leader you re meant to be lead with clarity confidence and care

focusing on leadership and issues pertinent to our global landscape the art of leadership perspectives from distinguished thought leaders is an in depth analysis and enriching collection of knowledge and perspectives from illustrious thought leaders who have spoken at the podium of singapore management university smu smu s thought leadership series seeks to inspire asia and beyond with the views and opinions of internationally eminent and outstanding academics scholars business or political leaders who have achieved distinction in their respective fields the book provides valuable insights on topics ranging from economics and politics to entrepreneurship and management

applications oriented with a strong research base this text demystifies leadership integrates cross cultural racial and gender based analyses of leadership

as business reinvents itself at broadband speed what makes leaders effective has inevitably been transformed old assumptions and old modes no longer hold a new style of leadership that works has emerged amidst the chaos of change this new leader excels in the art of relationship the singular expertise which the changing business climate renders indispensable excellence is being defined in interpersonal terms as companies have stripped out layers of managers as corporations merge across national boundaries and as customers and suppliers redefine the web of connection bestselling author daniel goleman argues that emotionally intelligent leaders are now must haves for business today but many readers have been left with so now what do i do the new leaders answers that question by laying out the map for transforming leadership in individuals in teams and organizations

most successful leaders know that leadership is an art not a science they recognize that beyond all the sophisticated systems and theories the strategies and tactics leadership is ultimately about intangible things such as timing intuition and passion this book shows how successful leaders can master the artistic aspects of their work it guides readers to the ways that the leadership can be practiced and learned the dance of leadership explores the art of leadership by examining the perspectives training and insights of artists most particularly in the fields of music and dance the authors look at how these people learn their craft practice their skills and attain mastery of their art then they adapt these lessons from the arts to the experiences of successful leaders in all fields this book incorporates in depth interviews with some of the world s premier artists and writers as well as dozens of leader business government the military and sports the result is a book that celebrates the art of leadership but an art that can learned developed and practiced

this guide to enlightened conduct for people in positions of authority is based on the teachings of several great chinese zen masters drawing on private records letters and long lost documents of the song dynasty tenth to thirteenth centuries zen lessons consists of short excerpts written in language that is accessible to the reader without any background in eastern philosophy this book serves as a guide to recognizing the qualities of a genuine zen teacher it also serves as a study of the character and conduct necessary for the mastery of any position of power and authority whether religious social political or organizational

this is a masterful book of its sort grint makes his case consistently and persuasively this is an excellent book that deserves to be considered as one of the reference points in the contemporary literature on leadership organization studies this book makes for thoroughly digestible reading management theory with a difference ben maclellan leadership well written truly a voyage of remarkable insight into comparative success and failure situations in different contexts it is steeped in social and political history which makes it unique and for any managers who are students of history a wonderful excursion fascinating illuminating and absorbing cary cooper times higher educational supplement 31 01 2001 are leaders born or made do they have particular traits or are we all potential leaders keith grint examines the notion of leadership as an array of arts in a series of rich essay portraits of some of the most famous and infamous leaders for example florence nightingale richard branson henry ford horatio nelson adolf hitler and martin luther king with scenarios drawn from across the spectrum to include business politics society and the military this book will be of interest to anyone curious about the nature and function of leadership

the myth the heroic strategist our current image of a masculine take charge heroic leader with a visionary strategic plan who goes unerringly for the goal the reality chaotic change and influence without authority we have multicultural women and men often leading in chaos in situations with limited authority or by influencing others from behind the scenes the solution inclusive leadership a broader definition of leadership that looks at a wider range of traits skills and situations to inspire actual and potential leaders to be more effective in today s world dr robin offers practical ways to discover develop and use your unique leadership style this book shares five styles of leadership flowing planned one step at a time staccato command control direct protect chaos emergent order without predictability lyrical relational and emotionally intelligent and stillness being the change you wish to see she links these five styles to personality information leadership research and provides multicultural male and female examples to show you how you can lead in your unique way the book provides a questionnaire to help you assess your leadership style dr robin johnson brings truly extraordinary creativity brilliance and caring to her leadership development programs and those qualities infuse this gem of a book she offers fresh insight and support to anyone from the seasoned veteran to the novice who wants to be a more effective leader in our multicultural world connie gersick lansberg gersick and associates consulting for decades i ve held the assumption i m not a leader i don t want to lead people because i was so bombarded by the staccato command control image of leadership that would never be my leadership style you ve helped me shed

that limiting assumption i found my style and i also feel your respect for all styles and all different kinds of people throughout this book for the first time in my life i m willing to say and believe i do want to lead and i can leslie aguilar ouch that stereotype hurts this creative approach to leadership adds dr johnson s practical insight to her deep understanding of the research to provide valuable guidance to actual and aspiring leaders of all kinds it is truly a way to learn and lead from diversity david m porter jr executive director kaitz foundation

leadership coaching has become vitally important to today s most successful businesses the art and practice of leadership coaching is a landmark resource that presents a variety of perspectives and best practices from today s top executive coaches it provides valuable guidance on exactly what the best coaches are now doing to get the most out of leaders for now and into the future revealing core philosophies critical capabilities and the secrets of coaching success this one of a kind guide includes essays from fifty top coaches including ken blanchard and frances hesselbein packed with cutting edge ideas and proven best practices this is the definitive source of information for anyone dealing with coaching

the art of leadership 5th edition is based on two ideas 1 leadership will take place to the extent the leader cares about the work to be done equally important the leader must care about people neither of these qualities is sufficient without the other and neither can be false people know when the leader cares when the leader is committed to the task and is concerned about people these qualities serve as magnets motivators to followers and their potential for achievement becomes enormous 2 leadership is an art that can be developed through mastery of nine key areas of success the successful leader must possess knowledge and skills in the following areas understanding leadership variables the power of vision the importance of ethics the empowerment of people leadership principles understanding people multiplying effectiveness developing others and performance management the difference between most other leadership texts and the art of leadership 5th edition can be compared to the difference between a lecture and a seminar although both are good educational vehicles the lecture is better for conveying large amounts of information while the seminar is better for developing skills and attitudes a good lecture is interesting and builds knowledge while a good seminar is stimulating and builds competency without sacrificing either theoretical foundation or important content the fourth edition of the art of leadership emphasizes the interactive seminar approach to learning

if you believe that deepening self awareness and fostering creativity within ourselves and

others are important ways we can grow as leaders then you will find the art and spirit of leadership a welcome companion on your journey this is a book not to be read so much as to be experienced as judy sorum brown takes us to places and among people with the skill of a poet and short story writer read it with all your senses john diffey president and ceo the kendal corporation judy brown does the impossible in the art and spirit of leadership she offers hugely important information in a book that reads like a beautiful novel i couldn t stop turning the pages the elegant combination of research and skills with poetry and story offers both a reader s delight and a hugely practical resource sally z hare ph d singleton distinguished professor emerita coastal carolina university and president still learning inc

every human being has the capacity for leadership but most lack the understanding or will to develop it the art of leadership reveals the process of becoming a leader this is a very in depth book that challenges leaders to mobilize their people to get extraordinary things done in their organizations the content is very digestible intuitive and compelling this book is essential for every aspiring leader
