the authors fill two contemporary needs 1 they provide a collection of essays that raises theoretical and methodological issues in the study of interpersonal communication relevant to all researchers in this area of study and 2 they present a

general approach to interpersonal communication that has gained wide acceptance among practitioners and educators but has been under represented by advanced research texts

exhibits and displays are booming and in demand at all types of libraries from simple displays of books to full scale museum quality exhibitions library exhibits can highlight collections that surprise visitors tell stories and engage audiences in innovative ways often exhibits feature more than books showcasing art photographs archival materials multimedia elements as well as hands on activities stepping outside traditional walls digital exhibits reach audiences beyond the circulation desk and pave another way for libraries to share information promote resources and even lead change in the community despite the growing interest most library and information science lis programs do not include exhibit development courses it is not uncommon for librarians learn exhibit production on the job or through resources in the museum sector wearing many hats librarians absorb exhibit work as part of community outreach initiatives or take on exhibit duties as a general professional interest in the emerging field exhibits displays is a practical how to guide that helps librarians unleash their library s potential to engage and wow visitors the guide explains how to kick start and grow an exhibit program through expert advice insights from professional literature and winning case studies that cover exhibition development from conceptual planning through de installation packing and evaluation exhibits display a practical guide for librarians covers pre planning curation and content development project management graphic design and writing for readability preservation and collection care legal considerations and loan registration installation de installation and maintenance tips hands on interactives and digital exhibits educational programming marketing audience evaluation supplemental examples and case studies librarians in academic public school and special libraries will benefit from exhibits displays a practical guide for librarians the book is also an excellent textbook for lis courses covering exhibition development and outreach

an incisive examination of britain today which breaks from traditional studies and takes a new approach to account for massive changes in the make up of the nation over the last twenty years britain has changed from being governed as a unitary state to a country ruled by the interplay of various forces central government the market public private partnerships new local government structures eg the new mayoral system greater regional autonomy as well as the eu and transnational businesses and organizations in their earlier book interpreting british governance bevir and rhodes examined changes in british government by setting out an interpretative approach to british political science which focussed on an aggregate analysis of british political traditions this new study builds on this work to provide a

theoretical defence of situated agency located in the historical context of british political science compare their approach to british political science with others including post structural and institutional analysis present a general account of governance as the context for ethnographic analyses of governance in action deliver studies of the consumers of public services the national health service government departments and policy networks this book will be of great interest to advanced students and researchers of political theory public policy british politics and british history

the empirical science of religious education draws together a collection of innovative articles in the field of religious education which passed the editorial scrutiny of professor robert jackson over the course of his impactful fourteen year career as editor of the british journal of religious education these articles have made an enormous contribution to the international literature establishing of the empirical science of religious education as a research field the volume draws together organises and illustrates the contours of this emerging field and is an essential compendium which covers work in teacher education and teacher experience student understanding attitudes and values varieties of religious schooling and worldview and life interpretation organised into ten thematic sections the contributors cover the field comprehensively and bring with them an international and reflexive approach to their research it is an essential resource for those practitioners and researchers who wish to access original and innovative research undertaken by way of ethnographic fieldwork practitioner research life history approaches to research psychological scales and measures and large surveys particularly interested readers will be studying pgce and masters level programmes in religious education as well as qualified religious educators undertaking continuing professional development

the expanded and updated second edition includes information on how interpretive work can be used to further the workings of a free democratic society and new coverage of narratives and sacred places and new writing forms such as layered texts

exceptionally clear and well written chapters provide engaging discussions of the methods of accessing generating and analyzing social science data using methods ranging from reflexive historical analysis to critical ethnography reflecting on their own research experiences the contributors offer an inside applied perspective on how research topics evidence and methods intertwine to produce knowledge in the social sciences

this reference book is intended to help teachers teacher administrators policy makers and others deal with the important issue of religious diversity in europe s

schools the religious dimension of intercultural education is an issue that affects all schools whether they are religiously diverse or not because their pupils live and will work in increasingly diverse societies the book is the main outcome of the project 1the challenge of intercultural education today religious diversity and dialogue in europe developed by the council of europe between 2002 and 2005 it is in four parts theoretical and conceptual basis for religious diversity and intercultural education educational conditions and methodological approaches religious diversity in schools in different settings examples of current practice in some member states of the council of europe

this text explores vulnerability from the perspective of individuals groups communities and populations and addresses the implication of that vulnerability for nurses nursing and nursing care organized into six units the text presents a basic structure for caring for the vulnerable and forms a theoretical perspective on caring within a cultural context with the ultimate goal of providing culturally competent care written specifically for nurses by nurses caring for the vulnerable is a timely and necessary response to the culturally diverse vulnerable populations for whom nurses must provide appropriate and precise care

samar philosophy loyola u seeks to develop a metatheory of law that judges could use to decide very hard cases in which the law offers no firm precedents or it is not clear whether the applicable law is just he discusses theories of political philosophy that set a foundation for the duty to obey law presents a natural law justification for a legal system containing morally just laws uses his metatheory to resolve five historically significant constitutional cases and offers suggestions for legal education annotation copyrighted by book news inc portland or

for decades political scientists studying the court have adopted behavioral approaches and focused on the relatively narrow question of how the justices policy preferences influence their voting behavior this emphasis has illuminated important aspects of supreme court politics but it has also left unaddressed many other important questions about this unique and fascinating institution drawing on the new institutionalism in the social sciences the distinguished contributors to this volume attempt to fill this gap by exploring a variety of topics including the court s institutional development and its relationship to broader political contexts such as party regimes electoral systems social movements social change legal precedents political identities and historically evolving economic structures the book s initial chapters examine the nature of the court s distinctive norms as well as the development of its institutional powers and practice a second section relates the development of supreme court politics to the historical development of other political institutions and social movements concluding chapters explore how its decision making in particular areas of law or periods of time is influenced by and

influences its socio political milieu these contributions offer provocative insights regarding the court s role in maintaining or disrupting political and economic structures as well as social structures and identities tied to ideology class race gender and sexual orientation the supreme court in american politics shows how we can develop an enriched understanding of this institution and open up exciting new areas of research by placing it in the broader context of politics in the united states

maltz reformulates the justification for originalist review and refines originalist theory itself he argues that a pure originalist approach mandates excessive judicial intervention under the constitution and he shows that most nonoriginalist theorists have failed to provide a sufficient functional justification for nonoriginalist intervention

leading scholars provide a comprehensive history of two centuries of u s politics contributions from a who s who of political historians
