enriching ministry offers a more detailed and wide ranging overview of pastoral supervision and its relationship to other disciplines and fields of study it describes an approach to supervision which is theologically rich psychologically informed contextually sensitive and praxis based it is intended for those seeking support for their own ministries as well as for those who supervise in the areas of initial and continuing ministerial formation healthcare executive coaching spiritual direction the final chapters consider the professional development and training of supervisors

pastoral supervision is increasingly sought out by people working in ministry it offers a safe space to reflect theologically and constructively on pastoral experience pastoral supervision a handbook is the standard text for what is a growing discipline and endorsed by apse the association of pastoral supervisors and educators which is now established as an accrediting professional body for all involved in supervision in a christian context

the word supervision can have a negative connotation to those being supervised and leaders alike you don't have to read very far in transforming the rough places to realize that there is nothing negative about the supervision that Dr. Pohly describes the result of years of research and experience Dr. Pohly's method and rationale offer tools to make supervision a positive experience for all those involved what he describes is a value centered leadership style that focuses equally on the ministry or task to be done and the person doing the task practicing these skills in supervision can easily enhance all business ministry and personal relationships discover what it means to lead in a way that can be transformative for the individual and the institution

despite its importance the issue of financial sector regulatory and supervisory independence rsi has received only marginal attention in literature and practice however experience has demonstrated that improper supervisory arrangements have contributed significantly to the deepening of several recent systemic banking crises in this paper we argue that rsi is important for financial stability for the same reasons that central bank independence is important for monetary stability the paper lays out four key dimensions of rsi regulatory supervisory institutional and budgetary and discusses ways to achieve them we also discuss institutional arrangements needed to make independence work in practice the key issue in this respect is that agency independence and accountability need to go hand in hand the paper discusses a number of accountability arrangements

supervision the shaping of spiritual leaders occurs formally and informally in many aspects of congregational life every year thousands of pastors supervise field education students and interns staff members and lay leaders often supervise committee members or other staff clergy and lay leaders supervise each other as a way to offer support and establish

accountability while supervision enhances the work of all concerned it is rarely explicitly addressed in congregations for over fifteen years abigail johnson has supervised and trained others to supervise candidates for ordination within the united church of canada recognizing that supervision is as important in the formation of lay leaders as in the life of candidates for ordination she has developed this book to guide all who supervise others in a congregation johnson views supervision as a ministry and shows how leaders can use their own innate gifts to enhance their supervision skills by shaping the supervision relationship based on the gifts of the people involved as well as the context in which the relationship occurs supervision can become an opportunity for mutual growth and learning that strengthens all other areas of ministry this book provides a hands on approach to supervision addressing key areas such as identifying a learning focus covenanting managing conflict understanding and using power and authority offering and receiving feedback and evaluation and celebrating and ending the supervisory relationship supervisors who pay attention to these and other key areas will help those they supervise develop their gifts for ministry in all forms
