this book has two goals to educate healthcare professionals about the effect of identity based adversity on the health of their lgbt patients and to outline how providers can use the clinical encounter to promote lgbt patients resilience in the face of adversity and thereby facilitate recovery toward this end it addresses trauma in lgbt populations factors that contribute to resilience both across the lifespan and in specific groups and strategies for promoting resilience in clinical practice each chapter includes a case scenario with discussion questions and practice points that highlight critical clinical best practices the editors and contributors are respected experts on the health of lgbt people and the book will be a first of its kind resource for all clinicians who wish to become better educated about and provide high quality healthcare to their lgbt patients

many people whether educators or not will agree that an education that does not inspire wonder is barren wonder is commonly perceived as akin to curiosity as stimulating inquiry and as something that enhances pleasure in learning but there are many experiences of wonder that do not have an obvious place in education in wonder and education anders schinkel theorises a kind of wonder with less obvious yet fundamental educational importance which he calls contemplative wonder contemplative wonder disrupts frameworks of understanding that are taken for granted and perceived as natural and draws our attention to the world behind our constructions sparking our interest in the world as something worth attending to for its own sake rather than for our purposes it opens up space for the consideration of radical alternatives wherever it occurs and in many cases is linked with deep experiences of value therefore it is not just important for education in general but also more specifically for moral and political education

exploring a variety of ways to think about and discuss religion and its far reaching impact this insightful collection of 30 readings takes an interdisciplinary theoretical approach that challenges students to examine their own assumptions and think critically across disciplines

why are we here how should we live what happens after we die why does evil exist religion for dummies explains how the world s great religions answer questions that persist through generations authors rabbi marc gellman and monsignor thomas hartman are trusted religious advisors known as the god squad with wonderful wit and incredible wisdom they host a daily talk show which reaches nearly 4 million homes in the new york area and have appeared on numerous tv and radio shows this book is not a scholarly theological treatise it s a lively practical hands on resource that will help you better understand your own religion and others you ll explore religion s role in the family and in the workplace the beliefs and practices of christianity judaism islam and other religions religion s impact during major passages in life such as birth death and marriage how to join a religion and how to pray how religion can help you deal with issues in every day life such as conflict adversity marriage divorce and more religious rituals and ethics religion for dummies touches on lesser known religions such as zoroastrianism jainism sikhism it explores how people of various faiths pray celebrate life and death and view moral issues the book does not tell you what to believe but rather encourages you to live as you believe and let your religion infuse every aspect of your life it doesn t give simple answers to haunting complex questions it helps you find your own answers and pursue your own spiritual path

a comprehensive visually rich introduction to the world s major religious traditions now in its second edition understanding the religions of the world an introduction

provides an essential framework for analyzing and understanding the world's major religions rather than simply presenting a series of facts this innovative textbook provides an insightful lens through which students examine how and why religions appeal to their followers contributions from leading scholars who have conducted fieldwork in the traditions they discuss focus on the contemporary beliefs and practices of judaism hinduism buddhism christianity islam chinese religion and others each chapter contains detailed analysis up to date scholarship review and discussion questions and multiple informational boxes that discuss topics in greater depth across five analytical categories more than 150 carefully curated images diagrams and maps that enhance student comprehension and retention are integrated throughout this edition features two entirely new chapters on the development of the study of religion and indigenous religions of the americas helping students appreciate the complex systems of belief that shape human experience understanding the religions of the world provides a current and relevant perspective on religion across the globe analyzes how religions operate as systems for achieving human aspirations helps students strengthen critical thinking skills and cultural awareness draws on the latest research and academic insights in the area of religious studies covers traditions not typically addressed in introductory texts such as indigenous religions of africa and oceania supplying the tools necessary for exploring global faith traditions understanding the religions of the world an introduction second edition is an ideal textbook for undergraduate and elite high school honors courses on religious studies anthropology comparative religion and theology
