how best to adapt established companies to a rapidly changing economy has long been a topic of debate in both the corporate and academic worlds this challenge is especially pressing for large organizations that may have grown top heavy and rigid with time but now need to be light on their feet to stay relevant and profitable until now the best attempts have consisted of plucking tools and methods from

the world of start ups and applying them wholesale in large corporate environments most of these efforts have either fizzled or failed outright because they lacked a framework for a comprehensive corporation sized rollout the loop approach introduces a new series of methods that could help change the course of operations for even the most colossal organizations sebastian klein and ben hughes provide a wide ranging set of guidelines for achieving corporate agility complete with checklists and worksheets that should prove instantly applicable want proof the methods outlined in the loop approach have already been successfully implemented at such european corporate giants as audi deutsche bahn and telekom

this thoughtfully edited volume explores the operation of equality and discrimination law in times of crisis it aims to understand how existing inequalities are exacerbated in crises and whether equality law has the tools to understand and address this contingency experience during the covid 19 crisis shows that the pandemic has acted as a catalyst for exponential inequalities related to racism xenophobia sexism homophobia transphobia ageism and ableism yet the field of equality law which is meant to be addressing such discrimination or inequality has had little immediate relevance in mitigating these exponential inequalities this is despite the fact that countries like the uk have a rather recent and state of the art legislation in the field namely the equality act 2010 exponential inequalities offers readers an understanding of how these inequalities came to be and how crises such as the global pandemic the climate emergency or the economic downturn can exacerbate an already untenable situation it illuminates both the structural and the conceptual as well as the practical and doctrinal difficulties currently experienced in equality law and discusses whether or not equality law even has the tools to both understand and then address this contingency written by a team of internationally recognized experts exponential inequalities provides a comparative perspective on the functioning of equality laws across a range of contexts and jurisdictions and represents an essential read for scholars and policy makers alike

demografischer wandel fachkräftemangel wechselwillige angestellte der kampf zwischen unternehmen um die klügsten k pfe hat bereits begonnen und wird teilweise erbittert geführt mit diesem buch verschaffen sich unternehmen personalverantwortliche und führungskräfte den entscheidenden vorteil nicholas folger und isabell m welpe weisen nicht nur nach dass sich moderne personalentwicklung positiv auf den
