is there a god should i eat meat where does the universe come from could i live for ever as a robot these are the big questions readers will be wrestling with in this thoroughly enjoyable book dip into any chapter and you will find lively scenarios and dialogues to take you through philosophical puzzles ancient and modern involving virtual reality science fiction and a host of characters from this and other planets the text is interspersed on every page with lively cartoons and there is a list of philosophical jargon at the end stephen law has a gift for communicating complex ideas he offers few answers but his unstuffy highly personal approach will have the reader thinking and arguing with as much pleasure as he does himself

life philosophy based on google searches have i found the one am i a psychopath should i be allowed to say whatever i want millions of people ask google all sorts of questions everything from the big and small responding to the biggest existential questions asked online and using the wisdom of plato kant kierkegaard and other philosophical greats philosopher academic and all round polymath stephen law undertakes the challenge and explores our modern day concerns with tongue in cheek sagacity no matter what you ve

googled in a midnight moment of existential despair this book will answer all your burning questions

the great philosophers presents lively and informative biographical portraits of fifty of the most important names in the history of human thought each chapter charts the personal life and intellectual breakthroughs of one essential philosopher and focuses on a straightforward explanation of the grand idea accompanied by a famous image of the philosopher everyday examples of how his or her ideas are relevant today and memorable quotations from their key works this is the perfect introduction to the world of philosophy

is there a god should i eat meat where does the universe come from could i live forever as a robot these are the questions readers will wrestle with in this book dipping into any chapter children will find lively scenarios and dialogues which take them through philosophical puzzles ancient and modern involving virtual reality cloning science fiction and a host of characters from this and other planets the text is interspersed on every page with lively cartoons and there is a useful list of philosophical jargon at the end

a philosophical but fun look at the meanings of christmas myths and rituals from carving the turkey to why santa wears red picture the scene aunt gertrude has just given you the most appalling christmas tie complete with snow flecked kittens in a bowler hat do you smile nod and confine it to the bottom drawer or do you tell the truth and spare yourself future ties from hell kant would say that we must at all costs tell the truth whilst mill would insist that we should think of the consequences the xmas files is a philosophical meander though the myths and rituals of christmas today asking such important questions as does santa exist what s wrong with christmas kitsch is it all just a commercial racket what was augustine s attitude to peace on earth and what would david hume have to say about the virgin birth for underneath all the festive fun the way we celebrate christmas does raise serious questions about the beliefs that sustain us and the ways in which we still value ritual and tradition as a means of coming together

covering not only the history of western thought but also the traditions of eastern philosophy and schools of thought from the indian subcontinent this companion combines philosophical analysis with historical and biographical information to explain and explore the major issues theories and problems at the heart of all philosophies

an introduction to philosophy which uses clear analogies to explore some of life s biggest moral and scientific questions including the origins of the universe and the meaning of life

really really big questions for daring thinkers is a cool and fun introduction to philosophy that explores life s important but often unanswered questions what is the meaning of life is time travel possible why should i be nice these questions and more are discussed giving young readers a chance to think about the topics themselves readers will be able to explore the history of thought and the major branches of philosophy with quotes from the great thinkers such as socrates written by philosophy lecturer stephen law easy to digest text mind teasers optical illusions and thought experiments make this philosophic journey unforgettably fun

imagine a one stop shop stacked to the rafters with everything you could ever want to tap into young people s natural curiosity and get them thinking deeply well this is it edited by professional philosopher peter worley from the philosophy shop and with a foreword by ian gilbert this book is jam packed with ideas stimuli thought experiments activities short

stories pictures and questions to get young people thinking philosophically primarily aimed at teachers to use as a stimuli for philosophical enquiries in the classroom or even as starter activities to get them thinking from the off it can also be used by parents for some great family thinking or indeed anyone fed up of being told what to think or urged not to think and who wants a real neurological workout the proceeds of the book are going towards the philosophy foundation charity

philosophy the essential study guide is a compact and straightforward guide to the skills needed to study philosophy aimed at anyone coming to the subject for the first time or just looking to improve their performance nigel warburton clarifies what is expected of students and offers strategies and guidance to help them make effective use of their study time and improve their marks the four main skills covered by the book are reading philosophy both skimming and in depth analysis of historical and contemporary work understanding the examples and terminology used listening to philosophy formal lectures and informal classroom teaching preparation picking up on arguments used note taking discussing philosophy arguing and exploring asking questions communicating in concise and understandable ways writing philosophy planning and researching essays and other written tasks thinking up original examples avoiding plagiarism
