using the natural semantic metalanguage methodology gian marco farese presents a
comprehensive analysis of the most important italian cultural keywords and cultural scripts
that foreign learners and cultural outsiders need to know to become linguistically and
culturally proficient in italian farese focuses on the words and speech practices that are
used most frequently in italian discourse and that are uniquely italian both untranslatable
into other languages and reflective of salient aspects of italian culture and society italian
discourse a cultural semantic analysis sheds light on ways in which the italian language is
related to italians character values and way of thinking and it does so in contrastive

perspective with english each chapter focuses on a cultural keyword tracing the term through novels plays poems and songs italian discourse will be an important resource for anyone interested in italian studies and italian linguistics as well as in semantics cultural studies linguistic anthropology cognitive linguistics intercultural communication and translation

the volume describes the frequency the forms and the functions of different cleft construction types across two language families the romance languages with discussion of italian french and spanish data and the germanic languages with focus on english german swiss german and danish
