new combined text cases version considered by many to be the best textbook on strategy contemporary strategy analysis 7th edition builds on the strengths of previous editions by introducing students to the core concepts and principles of strategy in this most accessible strategy text robert m grant combines clarity of exposition with concentration on the fundamentals of value creation and an emphasis on practicality in this seventh edition a greater focus on strategy implementation reflects the needs of firms to reconcile scale economies with entrepreneurial flexibility innovation with cost efficiency and globalization with local responsiveness rob grant eloquently combines theory with current real world examples and practice using a clearly written logical and comprehensive style contemporary strategy analysis 7th edition is suitable for both mba and advanced undergraduate students full teachings notes to the cases will be available upon publication at the companion website contemporarystrategyanalysis.com contemporary strategy analysis 7th edition is also available in a text only version isbn 9780470747100

this monograph explores new ideas for analyzing national defense strategy building on concepts that enjoy credence in the defense world while borrowing other concepts from the business world it is the companion of a longer analytical report on the same subject both result from a study of how to assess the implications of national defense strategy conducted by rand at the behest of the joint staff s j 8 and the office of the secretary of defense for decades rand has partnered with the u s department of defense dod in developing and using methods of analysis to solve complex defense problems from the early days of systems analysis and cost benefit analysis to the recent advent of capabilities based planning and portfolio management rand has sought useful methods wherever they might be found and it has invented others in this study methods that have proved successful in complex corporations are examined for their potential value in setting and assessing national defense strategy these methods are driven by the imperative to focus capabilities and align resources toward goals in a dynamic environment fundamentally the same imperative currently facing dod as it strives for jointness in an unsettled security environment this is an auspicious time to combine

ideas from corporate success with methods developed over the last decade at rand and elsewhere to improve the assessment of national defense strategy the application of these ideas and methods is contained in the companion report although each document can stand alone the authors recommend viewing them in tandem both should be of interest to practitioners and researchers concerned with connecting the ends with the means of national defense strategy this essay may be of greater value to decision makers but the main report will be of particular interest to persons with responsibility to perform the analysis
