who is god omnipresent omnipotent eternal just it's easy to recite a list of god's attributes but what does the bible mean by them this book will help you grasp both what god is like and how he has revealed himself in scripture it also gives thorough discussion of the sovereign imminent return of jesus the work of the holy spirit the fallen nature of man and god's offering of new life the purpose and presence of angels satan's existence and nature the character of jesus this book is ideal for a personal intimate bible study fortify your heart with truth as you study the essential doctrines of your faith

you want your kids to become intimate with god's word but too often it seems like an exercise in boredom thankfully veteran youth ministers bill mcnabb and steven mabry have come to the rescue with teaching the bible creatively mcnabb and mabry have distilled their years of experience into a comprehensive idea packed volume that both outlines what makes bible teaching creative and gives you dozens of ideas you can use right now to inject new life into your bible studies mcnabb and mabry cover a wide range of topics including how to motivate kids to want to study the bible how to teach so that kids will remember ways to make your study setting ideal for learning how to make bible teaching relevant to today's youth culture ideas for improving your teaching technique how your bible teaching can make a difference in your kids lives whether you're a youth worker a ce director or a sunday school teacher teaching the bible creatively is just what you've been looking for to add more spark energy and substance to your bible teaching

excerpt from what the bible teaches a systematic presentation of the fundamental principles of truth contained in the holy scriptures a careful study of the signs of the times in which we live shows the necessity of an exact statement of doc trinal truth especially of those underlying principles known as fundamental truth the controversial wars of the past have now given way to a compromising sentiment which demands peace and union even at the expense of true doctrinal convictions but while we must avoid the spirit of bitter strife and controversy still we can not consent to a course which in the end seeks to rob us of the true doctrinal standards of the bible the apostolic command preach the word comes ringing down through the ages and every holy minister of god is obligated to respond to the best of his ability this is important we are exhorted to speak the things which become sound doctrine tit 2 to be able by sound doctrine

both to exhort and to convince the gain sayers tit and in language still stronger the apostle says give attendance to doctrine take heed unto thyself and unto the doctrine continue in them for in doing this thou shalt both save thyself and them that hear thee 1 tim 4 13 the word of god presents the true standard of teaching a 11 scripture is given by inspiration of god about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

contrary to all other world and life views scripture teaches the unfolding purpose of the all wise god he created the universe for a purpose and that purpose will be achieved there is a horizon and god tells us a great deal about it we are sailing infallibly towards the horizon purposed by god in his eternal plan the biblical books are like navigation charts marking out the points of progress along the way the landmarks the deeps the safe channels and the reefs where men get shipwrecked the great day will come when the goal is reached there is land ahoy the last trumpet will be sounded the journey will be completed temporal things will give way to final things

this book represents years of study its contents have been tested again and again in the classroom in classes composed in some instances of representatives of thirty six denominations however it is not supposed for a moment that it exhausts all the bible has to say on the topics treated much less that it takes up and exhausts every topic dealt with in the bible the bible is the one inexhaustible book this work is simply an attempt at a careful unbiased systematic thorough going inductive study and statement of bible truth the method of the book is rigidly inductive the material contained in the bible is brought together carefully scrutinized and then what is seen to be contained in it stated in the most exact terms possible exactness of statement is first aimed at in every instance then clearness of statement beauty and impressiveness must always yield to precision and clearness the scripture from which a proposition is deduced is always given before the proposition the methods of modern science are applied to bible study thorough analysis followed by careful

synthesis though no hebrew nor greek words appear in the work it is based upon a careful study of the original text as decided by the best textual critics especially tischendorf and westcott and hort in the new testament though other editors and the manuscripts themselves have been considered in some instances wherever possible the text of the authorized version has been given in many instances this was impossible as the revised version is manifestly much more exact had it appeared that the revised version would soon obtain that general acceptance and use which it seems to so richly deserve the author would have adopted it through out except in those rare instances where it is manifestly in error in very few instances indeed has it been necessary to adopt renderings differing from both the authorized version and the revised version and from the american appendix to the revised version some of the propositions in this book may appear new and even startling to many but it is believed that they fairly and exactly state the contents of the passages upon which they are based it is hoped that the book will prove of interest and help both to those who believe in the divine origin of the bible and to those who do not one of the most satisfactory ways of determining whether the bible is of divine origin or not is by finding out precisely what it teaches and whether there is one deep philosophy running through the book composed by such a multiplicity and variety of human authors the writer must confess that his own conviction that there was one author back of the many writers and that that one author was god has ever deepened as he studied just the suggestion of a few ways in which this book can be used with profit its most apparent use is as a classbook in bible theology its arrangement by sections and propositions having had such use in mind the book can also be used in family devotions by those who desire something more orderly systematic and thorough than the methods usually employed in this important but neglected department of christian culture it is hoped that it may be helpful also in private devotional study of the bible while the book aims to be scientific it is not cold too much devotional study of the bible is haphazard by the use of this book it can be made orderly thorough and progressive the author has received numerous letters from groups of believers where there were no churches and from other groups in various churches asking for a definite outline of bible study and trusts that this book may be helpful in many such cases why for example could not groups of christians who are shut out from ordinary church privileges gather together and study the bible itself with the help of this book

bring the bible to your students like never before communicating the scriptures is much like building a bridge however instead of ravines

or rivers the teacher must span both cultural boundaries and great gulfs of time between the present and the pasts of moses david jesus and paul though god s word is always relevant the teacher must help students see scripture s vast treasures the effective engaging bible teacher must therefore become creative together lawrence richards and gary bredfeldt have created the ultimate guide to building bridges for those seeking to learn about god s word creative bible teaching offers a five step process by which christian educators can construct a bridge across time geography and culture to help students of all ages connect with god s word this newly revised edition makes learning about god s word more accessible for both teachers and students today simple clear and memorable the method laid out in creative bible teaching provides a sure fire way of communicating god s word in a way that sticks

this is a basic primer on key bible doctrines or teachings as such it is a guide to what the bible says about the bible god the trinity creation the fall of man sin and its remedies the person and work of christ faith and repentance the christian life virtually everything needed to begin the study of the bible and grow in one s faith bible verses to be committed to memory are included originally written by dr james gray an early president of moody bible inistitute it has been revised for today by the staff of moody

this scarce antiquarian book is a facsimile reprint of the original due to its age it may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work
