printed study guide the study guide provides chapter reviews study exercises true false and multiple choice questions

the text emphasizes those areas of taxation generally accepted as essential to the education of those pursuing careers in taxation or

tax related fields the first eight chapters are devoted to the tax problems of regular corporations and their shareholders these chapters are followed by a separate chapter examining the special problems of international taxation an area of growing importance two chapters consider the taxation partnerships and partners while one chapter examines s corporations federal estate and gift taxation is discussed in one chapter two additional chapters contain the related topics of the income taxation of estates trusts and beneficiaries and the major aspects of family tax planning for those students who have not had previous exposure to tax research a separate chapter provides an introduction to this important topic the skills explained in this chapter may be applied to the research questions contained at the end of most chapters in addition a chapter is devoted to the procedural aspects of taxation including the special concerns for those involved in tax practice the scope of this text is intentionally broad to accommodate a variety of uses and to provide flexibility for instructors in designing advanced tax courses it is neither our intention nor our belief that all of the contents can or should be covered in a single three semester hour course the sheer technical detail of the material presented is obviously more than can be covered in one course without selective pruning our hope is that instructors can adapt the text to satisfy their varying needs in this regard the ample coverage of what we believe are the most relevant topics filled with examples and exhibits should meet the desires of the most demanding users

printed study guide the study guide provides chapter reviews study exercises true false and multiple choice questions

the numerous examples and computational illustrations used to explain the more complex rules concerning the federal income taxation of individuals makes this text suitable for first course in federal taxation undergraduate or graduate accounting business or law students

for more than 25 years the pratt kulsrud taxation series has provided educators students and professionals an engaging and clear presentation of tax law in 1984 the series began with federal taxation a unique textbook exploring the issues related to the taxation of individuals and businesses the success of that text and the demand for additional topics led to the creation of two separate texts corporate partnership estate and gift taxation and individual taxation through each edition the series has consistently held to the principle that the key to learning taxation is to understand the underlying purpose behind every rule for this reason the authors and editors have made a concerted effort to provide the conceptual background and historical foundations they believe are essential for comprehension this edition continues the tradition of excellence with timely updates reflecting the latest in tax laws the integration of h
