a new idea can become an expensive flop for tv executives so from the earliest days of television the concept of a pilot episode seemed like a good idea trying out new actors new situations and new concepts before making a series was good economical sense it was also tax deductible sometimes these pilots were shown on television sometimes they were so awful they were hidden from sight in archives and sometimes they were excellent one offs but a series seemed elusive and never materialised chris perry has always been fascinated by the pilot episode so many pilots are made annually but never seen by audiences only a handful appear on screen it s a hidden world of comedy variety drama and factual programming this volume attempts to lift the lid on the world of the tv pilot by revealing the many transmitted and untransmitted episodes made through the decades

between emma peel and tire ministry of silly walks british television had a significant impact on american popular culture in the 1960s and 1970s in something completely different jeffrey miller offers the first comprehensive study of british programming on american television discussing why the american networks imported such series as the avengers and monty python s flying circus how american audiences received these uniquely british shows and how the shows success reshaped american television miller s lively analysis covers three genres spy shows costume dramas and sketch comedies in addition to his close readings of the series themselves miller considers the networks packaging of the programs for american viewers and the influences that led to their acceptance including the american television industry s search for new advertising revenue and the creation of pbs

more and more just a few canonical classics such as michael curtiz's casablanca 1942 or victor fleming's gone with the wind 1939 are representing the entire film output of an era to a new generation that knows little of the past and is encouraged by popular media to live only in the eternal present what will happen to the rest of the films that enchanted informed and transported audiences in the 1930s 1940s and even as recently as the 1960s this collection of essays aims to highlight some of the lesser known treasures of the past those titles that have been pushed aside by today's wave of cinema amnesia

the films of michael powell 1905-90 and emeric pressburger 1902-88 among them i know where i'm going 1945 a matter of life and death 1947 and the red shoes 1948 are landmarks in british cinema standing apart from the realist and comic mainstream with their highly stylised aesthetic and their themes of romantic longing and spiritual crisis powell and pressburger are revered by film lovers and film makers martin scorsese has called them the most successful experimental film makers in the world in this first ever collection of essays on powell an international group of critics and scholars map out his film making skills providing new readings of individual films analysing recurrent techniques and themes and relating them to contemporary debates about gender sexuality nationality and cinematic spectacle powell with and without pressburger emerges as a film maker of lasting originality and significance
