this book details the sources and profound consequences of 16th century christian
fundamentalism simpson focuses on the cultural transformation in england that allowed
common people to read the bible for the first time the last wave of reading provoked 150
years of violent upheaval as we approach a second wave this book alerts us to our peril

this book is essentially about how i have survived stupid for many and nearly 60 odd
years more often than not the truth hurts but it is what it is and i am how i am what you
are about to read is all completely true as i have lived it first hand and have survived it to
tell my life i have heard all of my life not to judge a book by its cover as i have judged i
too have also been judged either way does not work out so well in the end but i am here
to tell you as far as my picture is concerned on the front cover of this book you get
exactly what you see nothing is hidden not even in the book i put myself out there for all
the world to see and i am afraid that all you get is plain ole silly and god fearing and

undeniably lucky me i will attempt to show you how it is that i see from my differing view through a few of my true life stories and then maybe you will begin to see why i am how i am and why i do as i do like it or not this is all that i am you get what you see and you see what you get it is all true and it is definitely truly the epitome of me mark I hudson
