identifies and analyses the major debates about the crucial historical relationship between film and the city to consider existing and future possibilities

four years after publishing her provocative study reading families the literate lives of

urban children compton lilly revisits the same group of urban students then first graders now fourth and fifth graders and their families armed with rare longitudinal data from follow up interviews and reading assessments she once again upsets widespread misconceptions about reading and urban families this eye opening sequel uses case studies to explore important issues such as students feelings of connection to their school gender and schooling parents experiences dealing with the system high stakes testing and technology use at home building on past insights this book uses an innovative approach to educational research to explore why urban students often have difficulty becoming proficient readers employs case studies to support a new construct called reading capital offers important recommendations for teaching in diverse communities models longitudinal qualitative research describing the critical role it plays in studying a child s experiences with school

in this groundbreaking new book landscape architect lynda h schneekloth and architect and planner robert g shibley challenge the most fundamental assumptions about the ways human beings transform the places in which they live a call to action for a more inclusive democratic approach to the design of human spaces the authors use stories from their own practice to cast a new light on the relationship between communities design professionals and the shaping of their physical places the stories they tell reveal techniques for generating a collaborative spirit that will help designers planners and community development professionals understand the human values that lie at the heart of their professions the death of main street the blight of the inner city the sterility of so much contemporary development these are effects of a major disconnection between the human community and the built environment at no time in the history of our society has there been a more urgent need to take a hard look at how we create physical environments in response to this unmet need and moral confusion placemaking the art and practice of building communities calls for a more dynamic more inclusive design process and demonstrates new placemaking practices that have emerged from different communities and environments publisher
