bent larsen 1935 2010 was one of the greatest fighters chess has ever seen in his rich career the great dane defeated all world champions from botvinnik to karpov he was a candidate for the world championship four times and became one of the most successful tournament players of his time his uncompromising style and his unorthodox thinking made him popular with chess players all around the globe in 1967 1968 larsen won five international elite events in a row a truly spectacular achievement his successes were such that bobby fischer let him play first board in the legendary match soviet union vs the world in 1970 in belgrade bent larsen also was a highly original chess writer and an extremely productive chess journalist not surprisingly the first chess book that magnus carlsen ever studied was written by the strongest scandinavian player before him this collection brings together more than 120 of bent larsen s best games annotated by himself his comments are lucid to the point instructive and humorous together these games are a tribute to his genius and a continuous joy to read and play through

bent larsen is one of the outstanding figures of post war chess with top level tournament victories spanning five decades his outstanding fighting qualities have made him a great favourite with the chess public and even in the latter stages of his career he remained capable of sweeping victories over world class opposition while some other grandmasters have settled for an easy retirement larsen still fires on all cylinders

bent larsen was one of the most influential chess players of the 20th century he was a four time candidate for the world championship and the first westerner to seriously challenge the soviet union s post war dominance of the game larsen was admired by fans for his creative and combative style he was a risk taker who always sought complex positions he felt completely at home in defense and was an opportunistic attacker while other grandmasters would shy away from offbeat openings larsen would embrace and develop them in this book former american open champion cyrus lakdawala studies his

favourite larsen games and examines larsen's skills in the key areas of attack and defense initiative exploiting imbalances accumulating advantages and endgame play he demonstrates clearly how we can all improve by learning from larsen's play move by move provides an ideal platform to study chess by continually challenging the reader to answer probing questions throughout the book the move by move format greatly encourages the learning and practicing of vital skills just as much as the traditional assimilation of knowledge carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn this is an excellent way to improve your chess skills and knowledge learn from the games of a chess legend important ideas absorbed by continued practice utilizes an ideal approach to chess study

bent larsen is one of the most celebrated chess players of the twentieth century larsen is the man who pushed bobby fischer down to board 2 on the rest of the world team in 1970 the danish grandmaster had spectacular results but chess fans appreciated even more his creativity and fighting spirit for larsen a drawish looking position was no reason to halt a game as he had the ability to create magic out of thin air learn from bent larsen is a labour of love by award winning author mihail marin this project was originally planned as one chapter in a book about several players but as ever more gems emerged it became clear that bent larsen deserved a book of his own

bent larsen chess grandmaster from denmark was one of the most formidable foes in chess history even beating the likes of all world champions including bobby fischer

improve your chess now is a modern chess classic and one of the most inspiring chess improvement manuals adult improvers frequently name this book as one of their primary sources in the popular perpetual chess podcast of ben johnson the author is an american grandmaster now living in norway with infectious enthusiasm tisdall covers a wide range of topics including visualization and calculation pattern recognition the psychological aspects of chess the art of defence and the wisdom of blindfold chess all still relevant more than 25 years later the 1997 classic is reprinted with a modern design and a new foreword by the author

chess openings can be simple because of the sheer volume of variations possible transpositions and ever changing theory chess openings can be overwhelming even intimidating this book is an introduction to understanding and playing chess openings the author danish master carsten hansen stresses opening play based on comprehending opening principles as well as useful fundamental knowledge with an overview of all the most important opening variations examples of good and bad opening play opening traps and problems to solve chess openings and its major principles are covered thoroughly many

games are lost as a result of a player's poor grasp of even the most basic principles of opening play this book will help you enhance your understanding and give you guidelines on how to best study and play chess openings reaching good playable middlegame positions
