a history of the holocaust is a detailed factual account of what happened across europe during the holocaust with balanced coverage of each country the holocaust was unique within the context of the second world war because jews were disproportionately represented among the civilian casualties in that conflict over fifty million people died as a result of the application of total war twelve per cent of these were jews at the time jews constituted less than one quarter of one per cent of the world s population this book is intended as a textbook not a philosophical interpretation of the holocaust written in a highly accessible style it is addressed to students and will inspire them to read more about the subject and to question the problems of the world

olga lengyel tells frankly and without compromise one of the most horrifying stories of all time this true documented chronicle is the intimate day to day record of a beautiful woman who survived the nightmare of auschwitz and birkenau this book is a necessary reminder of one of the ugliest chapters in the history of human civilization it was a shocking experience it is a shocking book thank you for your very frank very well written book you have done a real service by letting the ones who are now silent and most forgotten speak with best regards and wishes a einstein this book is a horrifying but necessary reminder of one of the ugliest chapters in the history of human civilisation passionate tormenting new york herald tribune it is a picture of

photographic survey of auschwitz concentration camp chronicling its historical facts

a shocking account of nazi genocide and the inhuman conditions in auschwitz but equally shocking is the initial disbelief with which the revelations were met alfred wetzler was a true hero his escape from auschwitz and the report he helped compile telling for the first time the truth about the camp as a place of mass murder led directly to saving the lives of 120 000 jews no other single act in the second world war saved so many jews from the fate that hitler and the ss had determined for them sir martin gilbert together with another young slovak jew rudolf vrba both deported in 1942 the author succeeded in escaping from the notorious death camp in the spring of 1944 there were some very few successful escapes from auschwitz during the war but it was these two who smuggled out the damning evidence a ground plan of the camp constructional details of the gas chambers and crematoriums and most convincingly a label from a canister of cyclone gas the book is cast in the form of a novel to allow information not personally collected by the two fugitives but provided for them by a handful of reliable friends to be included nothing however has been invented from the introduction by dr robert rozett wetzler is a master at evoking the universe of auschwitz and especially his and vrba s harrowing flight to slovakia the day by day account of the tremendous difficulties the pair faced after the nazis had called off their search of the camp and its surroundings is both riveting and heart wrenching shining vibrantly through the pages of the memoir are the tenacity and valor of two young men who sought to inform the world about the greatest outrage ever committed by humans against their fellow humans

a holocaust survivor s own story told specially for young readers this is the remarkable true story of a young jewish girl and her brother caught in a world turned upside down by the nazis during the second world war eva schloss describes her happy early childhood in vienna with her kind and loving parents and her older brother heinz whom she adored but when the nazis marched into austria everything changed eva s family fled to belgium then to amsterdam where with the help of the dutch resistance they spent the next two years in hiding eva and her mother in one house and her father and brother in another but in the end they were all betrayed and deported to auschwitz concentration camp in poland despite the horrors of the

camp eva's positive attitude and stubborn personality which had often got her into trouble saw her through one of the most tragic events in history but sadly her father and brother perished just weeks before the liberation eva and her mother travelled back to the house in amsterdam where heinz and his father had hidden and discovered over thirty beautiful paintings by her brother heinz hadn't wasted any of his talents during his captivity for eva here was a tangible everlasting memory of her beloved older brother and a reminder of her father's promise that all the good things you accomplish will make a difference heinz's paintings have been on display in exhibitions in the usa and are now a part of a permanent exhibition in amsterdam's war museum eva schloss is the posthumous step sister of anne frank after mother fritzi was remarried to otto frank the only surviving member of his immediate family

in march 1942 at the age of 25 kindergarten teacher magda hellinger was deported from her hometown in slovakia along with 998 other young women they were some of the first jews to be sent to the auschwitz concentration camp very few would survive the next three years until liberation the ss soon discovered that by putting prisoners in day to day charge of the accommodation blocks and even the camps at large so called block□lteste and lager□lteste respectively they could both reduce the number of guards required to use these leaders to deflect attention away from themselves magda was one such jewish prisoner selected for leadership like many others during the war she found herself constantly treading a fine line how to save lives if only a few at a time while avoiding being too soft and likely sent to the gas chambers through her own inner strength and ingenuity she was able to rise above the horror and cruelty of the camps and build pivotal relationships with the women under her watch and some of auschwitz s most notorious nazi senior officers based on magda s own personal account and completed by her daughter s extensive research this awe inspiring story offers us incredible insight into human nature under the pressure to survive the power of resilience and the goodness that can shine through even in the most horrific of conditions
