enjoy this free dystopian genetic engineering story about hybrids by bestselling science fantasy author l s o dea imagine a world filled with human animal hybrids they're stronger than us faster more deadly and hungry always hungry now step inside the laboratory and witness their creation created as weapons designed to obey no one

expected them to want revenge this is mutter's story for the first time in his life he's afraid of the shots his new master is giving him afraid that if he doesn't escape he'll become food for one of the creatures in the nearby cages or worse he'll become one of them rise of the river man book one in the chimera chronicles is a stand alone dystopian genetic engineering science fantasy story about human animal hybrids it's urban fantasy science fiction that'll make you question who the real monsters are if you love animals this book will make you root for those in the laboratory fans of adrian tchaikovsky j n chaney and k j gillenwater will love this series

welcome to level five where chimeras are born against their will they are mutated and transformed created as weapons to hunt and kill on command but who can control a monster with hatred surging through his blood if you like the old creature features you'll love these stories dark gritty thought provoking and lots of fun volume one rise of the river man mutter has been abandoned beaten and left to die but he's never been truly afraid until he arrives at level five in congruise's laboratory there are things in the other cages that are beyond his experience beyond nature the shots his new master is giving him are making him stronger faster and hungry he's always hungry just like the creatures in the other cages he was raised to obey but he must escape before he's fed to a beast or worse becomes one volume two feeding fersia in saving a life mcbrid makes a deadly mistake now he must recreate the deadliest monster on level five but to do that he must find a host he never intends to like the girl he's transforming can he stop the transformation before it's too late volume three breaking the brush men glick and the others are born into a world that wants them dead from the moment they crawl from the earth they're hunted and killed can he and his friends hide from those who want to kill them and if they do will they survive the toxic land they were born into volume four rage of rattus norvegicus all rufus has ever wanted was to keep his younger brother and sister safe but they've been captured now the only way to survive and stay together is to go to the laboratory at first it seems okay there's food water and shelter but the shots they're given are changing them all they must escape but how can they when his sister is pregnant will rufus and his siblings escape the laboratory and if they do can they stop their transformation before it kills them all volume five leaving level five the only way out of level five is through the belly of a beast read the exciting culmination of volumes two through four and discover who lives who dies and who escapes level five the chimera chronicles box set a collection of stand alone dystopian genetic engineering story about human animal hybrids it's urban fantasy science fiction that'll make you question who the real monsters are whether you're an animal rights activist or just love your pets this book will make you root for those in the laboratory these books were formerly sold as congruise chronicles volumes one through five

welcome to level five where chimeras are created but never controlled rufus has been taking care of prin and lee all his life they're all he has and he's all they've got too maybe he should be thankful for having a warm dry place to sleep at night in the laboratory but the smells and sounds it's enough to make him miss the streets something's not right with this place and the shots they're being given more than hurt they're changing him cell by cell he needs to get them all out of there fast prin's pregnant and none of them have any idea what these shots are going to do to her baby book four in the chimera chronicles is a stand alone dystopian genetic engineering story about

human animal hybrids it's fantasy science fiction that'll make you question who the real monsters are whether you're an animal rights activist or just love your pets this book will make you root for those in the laboratory

for glick and his friends it's them against the world literally there's no food the ground is toxic the water is filled with burning chemicals and the humans want glick and his kind destroyed they're weak hungry and scared but they have each other will that be enough for them to survive when everyone is trying to kill them book three in the chimera chronicles is a stand alone dystopian genetic engineering story about human animal hybrids it's urban fantasy science fiction that tells the story of love and friendship strength and weakness and cowardice and bravery whether you're an animal rights activist or just love your pets this book will make you root for those in the laboratory

a rebellion is brewing in the world of the lake of sins while hugh truent sits in prison days away from his execution after taking his findings about the genetic similarities between the classes to the supreme almighty and the council hugh had been arrested for treason and all his evidence had vanished as if made from smoke to protect his family he cut off all contact with the outside world while he sat in prison for over four years waiting for his execution he has no idea that some of his reports were leaked to the other classes and that civil war looms on the horizon trinity and her friends have no hope of winning the war unless they can unite the classes in order to do that they need someone everyone will follow they need the one person all the classes trust and believe in they need hugh that means they have to break him out of a maximum security prison and convince him to lead their army but that won't be easy because hugh wants revenge and he's not going to let anything get in his way especially mouthy attractive know it all trinity the action packed dystopian science fiction fantasy series continues with more fights more secrets about genetic engineering and more laughs

mcbrid despises his job and professor conguise he hates himself for what he did to fersia but he must continue to mutilate and transform people because he can't quit the only way to leave level five is through the belly of a beast and with charlie and glick's interference that might just be mcbrid's fate read the exciting culmination of feeding fersia breaking the brush men and rage of rattus norvegicus who lives who dies who leaves level five and do they make it out alive book five in the chimera chronicles is a stand alone dystopian genetic engineering story about human animal hybrids it's urban fantasy science fiction that'll make you question who the real monsters are whether you're an animal rights activist or just love your pets this book will make you root for those in the laboratory

enjoy this short holiday fantasy story about a sick boy and an angel of death who's sick of his job micah hates miracles they always have a cost but as an angel of death he must grant one every year it looks like bobby is going to be the recipient of this twisted miracle poor kid like dying from leukemia wasn't enough now the boy is going to be given a miracle that won't end with a happily ever after this stand alone paranormal short story 6800 words about crappy miracles and an angel who is sick of his job will

make you laugh cry and hope someone is brave enough to defy the immortals in power

the war will end choices will be made secrets will be revealed and whispers from the past will cloud the present and shape the future jethro wants one thing revenge trinity must pay for her betrayal his body screams for what she denied him and his blood roars to possess her she was born in his camps she belongs to him body and soul and nothing will stop him from capturing her uncovered atrocities at the lab send hugh fleeing from the estate and into the nightmare of all that has happened while he s been away while searching for trinity he discovers powerful secrets from the past and is given a prophecy that will guide his future trinity has lost the boy of her dreams and the man of her future she must fight to win not only the war but the life she deserves with the man she wants in this gripping continuation of the dystopian lake of sins series the war does end and secrets from the earlier books are revealed while more gruesome discoveries are unveiled so get comfortable because this action packed science fiction and fantasy adventure will keep you turning the pages

when things turn deadly who will she choose to help her friend or her lover fersia can t wait to start her new job in the laboratory it ll be the perfect way to rekindle her relationship with jocko but there are strange things going on at the lab like odd noises coming from behind locked doors growls and cries but they don t sound like any animal she s ever heard it makes her almost glad to be locked in the cage and what s up with the shots the scientist is giving them they re making jocko sick but they re making her hungry starving ravenous for meat book two in the chimera chronicles is a stand alone dystopian genetic engineering story about human animal hybrids it s urban fantasy science fiction that ll make you question who the real monsters are whether you re an animal rights activist or just love your pets this book will make you root for those in the laboratory
