international food law and policy is the first interdisciplinary piece of academic literature of its kind with a comprehensive reader friendly  
approach to teaching the major aspects of food regulation law policy food safety and environmental sustainability in a global context the  
sections are grouped by continents and focus on a range of cross disciplinary subjects such as public health international food trade the  
right to food intellectual property and global regulatory aspects of food production with its systematic approach this book will be a valuable  
resource both for professionals working in food regulation and anyone interested in the subject it provides a solid foundation for courses  
and master s programs in environmental management food law policy and regulation and sustainable development around the world

introducing novel theoretical empirical and practical investigations with case studies from uk europe south america and south east asia  
the book offers a novel global outlook on how contemporary homes are facing genuine challenges from operational economic spatial  
social and wellbeing perspectives the changing demographics of our modern society have inevitably impacted the dynamics and  
relationships within the home from being personal and private to that of multiple work relationships domestic work care for older people or  
supporting people with special needs whilst the home is a concept universally experienced permeating every aspect of our lives it  
remains an entity whose influence on health and wellbeing is poorly understood this book brings together 17 different contributions from

scholars researchers and practitioners from different disciplinary and professional backgrounds including three feature articles by leading figures such as lord best and baroness hollins the chapters are organised within three parts that look at the triangle of people work care in the home at a time when homes are increasingly becoming local hubs for care and wellbeing this volume is a critical and useful addition to current literature in the social sciences humanities economics culture care and wellbeing in the domestic sphere

access to safe adequate and nutritionally balanced food is a cornerstone of public health food policy looking forward from the past examines the influences of grassroots movements the government and industry on the us food systems the authors explore the intersection of food and nutrition and how policy influences this overlap they illumina
