the author a licensed professional engineer has family roots in the detroit area and has also been employed in an engineering capacity by all big three automakers gm ford chrysler he has often wondered how the auto industry got its

beginning in such a place as detroit michigan way off the beaten path in an isolated glove shaped piece of land thrust up between two lakes where weather can be severe ohio and indiana who were also very active in the creation of the auto industry are in the same general area of the country as michigan and share the same climate why would anyone favor this three state area one would think that other parts of the country would be more conducive to the formation of such an important part of the history of this nation after all michigan ohio and indiana were not members of the original 13 states and therefore have to be considered less developed territories than the original thirteen states around the turn of the 19th century when the american gasoline powered automobile was invented read how the author has searched for the answers to these somewhat perplexing questions on why detroit became the motor city

we badly need new sources of clean energy to generate electricity heat and power our industries homes and workplaces up to now we have relied on and used only fossil fuels to power our industrial and domestic activities the byproducts of fossil fuels include irreversible pollution and contamination of our earth climate change global warming and increase in pathogenic and medication resistant diseases exhaustible fossil fuels are expensive to produce and distribute and not everybody can afford them why not switch to natural non polluting inexpensive inexhaustible fuels such as solar wind water etc fuels this is the timely message contained in twenty first century s fuel sufficiency roadmap you can make this message realisable go on reading thanks

take a step forward into a new universe of astrological interpretation when you shift focus from earth centered charts to sun focused interpretations in the sun at the center by philip sedgwick the paths of astrology and astronomy diverged during the renaissance and the age of reason as more facts and data became available people relied less on intuition and more on the powers of observations enhanced with more powerful telescopes curiously astrology began who knows

how many millennia ago as a strictly observational art when people could observe more they said that the sun not the earth was at the center of the solar system old astrology didn't suddenly stop working with the advent of heliocentric awareness because we live on the earth geocentric astrology makes sense no scientific advancement can nullify it but if we can create a system where the planets and signs are seen in relation to the earth we can do the same with the sun the question is how do we come up with astrology from a sun centered perspective the sun at the center answers that question learn how discover the heliocentric positions of the planets ideal for use in mundane astrology and analysis of spontaneous mass behavior adds new information to geocentric astrological interpretations provides a new way for looking at individuals discover how solar activity influences revolutionary actions the sun at the center is a complete primer of heliocentric astrology it can be used by itself giving new insights or in combination with geocentric astrology to enhance and expand upon what you already know the sun at the center takes astrology in a new direction and back to its origins join this journey when you get the sun at the center
