this book is a historical sociological examination of the formulation and institutionalization of turkish nationhood during the early republic 1920 1938 focusing on the language education and citizenship policies advanced during the period it looks at how the republican elite situated different ethnic linguistic and religious groups

this highly readable and thoroughly researched volume offers an excellent account of the development of seven balkan peoples during the nineteenth and the first part of the twentieth centuries professors charles and barbara jelavich have brought their rich knowledge of the albanians bulgarians croatians greeks romanians serbians and slovenes to bear on every aspect of the area s history political diplomatic economic social and cultural it took more than a century after the first balkan uprising that of the serbians in 1804 for the balkan people to free themselves from ottoman and habsburg rule the serbians and the greeks were the first to do so the albanians the croatians and the slovenes the last for each people the national revival took its own form and independence was achieved in its own way the authors explore the contrasts and similarities among the peoples within the context of the ottoman empire and europe

the history of globalization is anything but a no frills affair that moves smoothly along a clear cut unidirectional path of development eventually leading to seamless global integration accordingly scholarship in the social sciences has increasingly argued against equating the history of globalization processes and transcultural entanglements with the master narrative of the gradual homogenization of the world examining the shifting patterns of global connections has therefore become the main challenge for all those who seek to understand the past the present and the future of modern societies and this challenge includes finding a place for the nation state the studies presented here argue that looking at the nation state from the perspective of global entanglements opens the door for its interpretation as a dynamic and multi layered structure that takes part in globalization processes and plays various and at times even contradictory roles at the same time

newly revised and updated this second edition is the classic economic and political account of the origins of the european community book offers a challenging interpretation of the history of the western european state and european integration

germany who challenged the british and its allies twice in the first half of the 20th century began to reemerge as a global political power and to play the big game in the wake of the cold war as the strongest economy and the most crowded country in the european union eu germany has decided to lead the eu institutions and the old continent in global platforms especially after the reunification of the country germany started to dominate european politics with the collapse of the soviet union and the end of cold war politics germany prompted the european countries to pursue a more independent foreign policy getting rid of the soviet threat germany no longer needs nato and the u s protection as a result we see a germany which has initiated a multidimensional and multilateral foreign policy orientation in order to improve its worldwide national interests
