that the play was performed as written in London and Broadway Ibsen's work pioneered realistic depictions of middle class families and social themes he claimed that he didn't have feminist intentions in the writing of *A Doll's House* instead aiming for the description of humanity but the play is widely considered an essential feminist work and has had a real lasting impact as recently as 2006 it was the most performed play in the world

at the core of Henrik Ibsen's art lay a bottomless talent for investigating the way people hurt one another but reading his four major plays is not painful at all rather they are thrilling and even delightful for the different ways the playwright captures and sustains our interest *A Doll's House* 1879 the first play here presents the story of Nora Helmer a seemingly childlike housewife with a weakness for macaroons whose actual level of devotion to her husband and family is kept hidden until the threat of scandal exposes her to a surprisingly judgmental spouse even more of an attack on society *Ghosts* 1881 is that much more melodramatic too much so for my tastes incest social disease people living together out of wedlock it's like Ibsen wanted to cram every shocking thing he could think of into one play and finish it off with something more shocking still convoluted but never boring *Ghosts* makes its points dares you to judge and leaves a mark though it's hard to call anything better than *Hedda Gabler* for pure rotten fun the *Master Builder* 1892 works even better at teasing out a rather convoluted concept that of will to power in an accessibly dramatic way to risk another Shakespeare comparison it's like a twisted take on *The Tempest* the title character Halvard Solness is tortured by the guilt of his success and the sense his accomplishment has been sped along by devils both good and bad add to the equation a longtime admirer of Solness who dares him to challenge fate more boldly

The father of modern drama, Henrik Ibsen shook off the stale conventions of nineteenth-century theater and made the stage play an instrument for brilliantly illuminating the dark recesses of human nature. After writing historical plays and imaginative epic dramas in verse such as *Peer Gynt*, Ibsen turned away from history and romanticism to focus instead on the problems of the individual and modern society. The plays of his middle period, *A Doll's House*, *Ghosts*, *The Wild Duck*, and his most popular play, *Hedda Gabler*, are masterpieces of stark psychological realism. In his final plays, including *The Master Builder*, Ibsen mixed realism and symbolism to enrich his examination of our subconscious drives and urges.

Ibsen was criticized and denounced during his lifetime for expanding the boundaries of what is acceptable fare for the stage audiences were shocked when he wrote of feminist yearnings venereal disease and the deep emotions that underlie the sadness involved in being human James Joyce put the criticism in perspective Henrik Ibsen is one of the world's great men before whom criticism can make but feeble show when the art of a dramatist is perfect the critic is superfluous Ibsen has since come to be considered one of our greatest playwrights Martin Puchner is assistant professor of English and comparative literature at Columbia University he is the author of *Stage Fright: Modernism, Anti-Theatricality, and Drama* Johns Hopkins University Press 2002
