leading specialists on cajun french and louisiana creole examine dialectology and sociolinguistics in this volume the first comprehensive treatment of the linguistic situation of francophone louisiana and its relation to the current development of french in north america outside of quebec topics discussed include language shift and code mixing speaker attitudes the role of schools and media in the maintenance of these languages and such language planning initiatives as the codofil program to revive the sue of french in louisiana list

this book shifts the focus of pidgin and creole studies from the better known atlantic caribbean contexts to the indian ocean the south china sea and mongolia by looking at asian contexts before and after western colonial expansion we offer readers insights into language contact in historical settings and with empirical features substantially different from those that have shaped the theory of the field two pidgin varieties of the far east are described in detail namely chinese pidgin russian and china coast pidgin the former offers a unique opportunity to observe the typological dynamics of contact between slavic tungusic and sinitic while the latter presents one of the better documented studies of any pidgin so far the third contribution is an in depth analysis of the portuguese india slave trade in relation to contact phenomena the remaining two chapters look at southeast asia and discuss malayo portuguese creoles and the ubiquitous malay sinitic lingua franca respectively from a linguistic perspective the diversity of language families the historical time depth the complex patterns of population movements and the wealth of contact phenomena that define asia are so many and at times still so little understood that no single volume could ever pretend to shed sufficient light on all these

aspects of the region despite providing what can be seen as a sample platter of the field of contact linguistics in this part of the world the in depth analysis of exotic socio historical settings the typologically diverse and rich data sets and the notions of pidgins and creoles as applied here will nonetheless stretch the limits and limitations of current theories in the field and are a must read for anyone interested in arriving at solid theoretical generalizations published earlier as journal of pidgin and creole linguistics 25 1 2010

the haitian creole language is the first book that deals broadly with a language that has too long lived in the shadow of french with chapters contributed by the leading scholars in the study of creole it provides information on this language s history structure and use in education literature and social interaction although spoken by virtually all haitians creole was recognized as the co official language of haiti only a little over twenty years ago the haitian creole language provides essential information for professionals other service providers and creole speakers who are interested in furthering the use of creole in haiti and the haitian diaspora increased language competencies would greatly promote the education of creole speakers and their participation in the social and political life of their countries of residence this book is an indispensable tool for those seeking knowledge about the centrality of language in the affairs of haiti its people and its diaspora

a clear and concise introduction to the study of how new languages come into being

the content of this book is concerned with various issues at stake in creole studies that are also of interest for general linguistics these include the general issue of creole genesis and of the accelerated linguistic change that characterizes the emergence of these languages as compared to ordinary cases of linguistic change the problem of the development of morphology in incipient creoles the problem of the validity of data in linguistic analysis the issue of multifunctionality as regards the concept of lexical entry the question of whether creole languages are semantically more transparent than languages not known as creoles the issue of whether creole languages constitute a typologically identifiable class and the problem of the interaction between the processes involved in the emergence and development of creole languages the purpose of this book is to present the major debates that are currently taking place in the field of creole studies evaluate the arguments against data mainly drawn from haitian creole and address the issues at stake within the framework of new paradigms the various positions on each issue are summarized on the basis of a thorough review of the literature

creolistics an important branch of language contact theory and sociolinguistics is one of the most socially engaged areas of language study today pidgin and creole linguistics in the twenty first century explores where the field is headed in the new century in the judgment of eleven leading scholars at the same time the authors look backward toward the migrations starting five hundred years ago of old world people to the western hemisphere and elsewhere and the strange turns the european colonial languages underwent here their analyses underscore our belief that language change can only be understood in its social context even though those changes often took place under horrifying conditions that were illegal even under the laws of the time

the haitian creole language is the first book that deals broadly with a language that has too long lived in the shadow of french with chapters contributed by the leading scholars in the study of creole it provides information on this language s history structure and use in education literature and social interaction although spoken by virtually all haitians creole was recognized as the co official language of haiti only a little over twenty years ago the haitian creole language provides essential information for professionals other service providers and creole speakers who are interested in furthering the use of creole in haiti and the haitian diaspora increased language competencies would greatly promote the education of creole speakers and their participation in the social and political life of their countries of residence this book is an indispensable tool for those seeking knowledge about the centrality of language in the affairs of haiti its people and its diaspora

destined to become a landmark work this book is devoted principally to a reassessment of the content categories boundaries and basic assumptions of pidgin and creole studies it includes revised and elaborated papers from meetings of the society for pidgin and creole linguistics in addition to commissioned papers from leading scholars in the field as a group the papers undertake this reassessment through a reevaluation of pidgin creole terminology and contact language typology section one a requestioning of process and evolution in pidginization creolization and other language contact phenomena section two a reinterpretation of the sources and genesis of grammatical aspects of saramaccan and atlantic creoles in general section three a reconsideration of the status of languages defying received definitions of pidgins and creoles section four and analyses of aspects of grammar that shed light on the issue of what a possible creole grammar is section five

over the past few decades the book series linguistische arbeiten linguistic studies comprising over 500 volumes has made a significant contribution to the development of linguistic theory both in germany and internationally the series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only be made in acquiring new knowledge about human languages both synchronically and diachronically by closely combining empirical and theoretical analyses to this end we invite submission of high quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions discuss new data and advance the development of linguistic theory
